

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

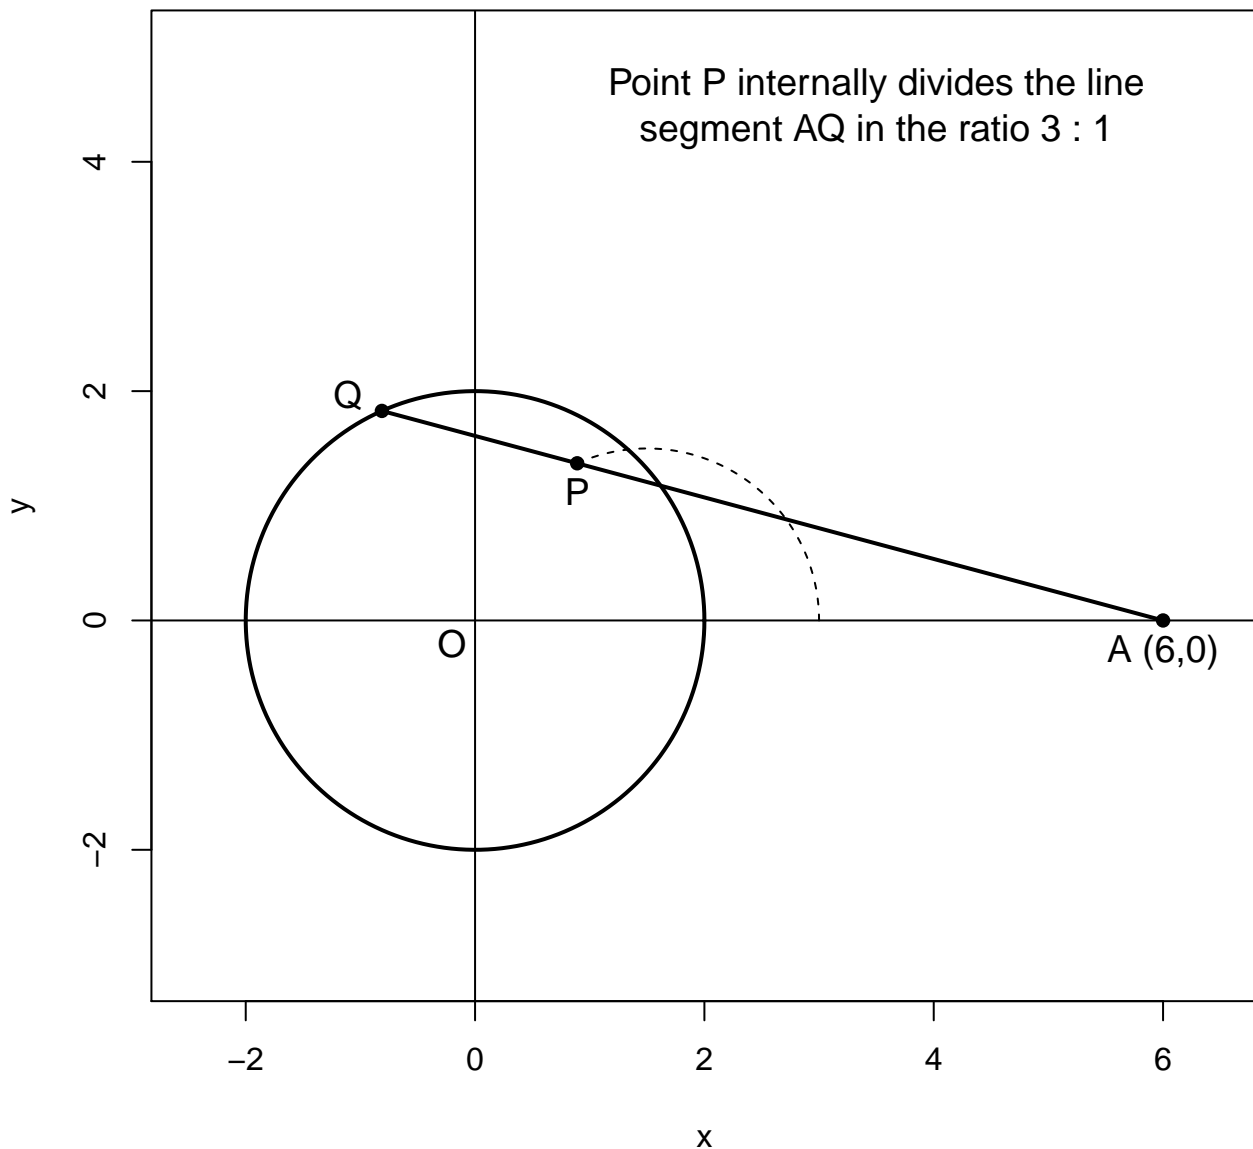

Point P internally divides the line  
segment AQ in the ratio 3 : 1

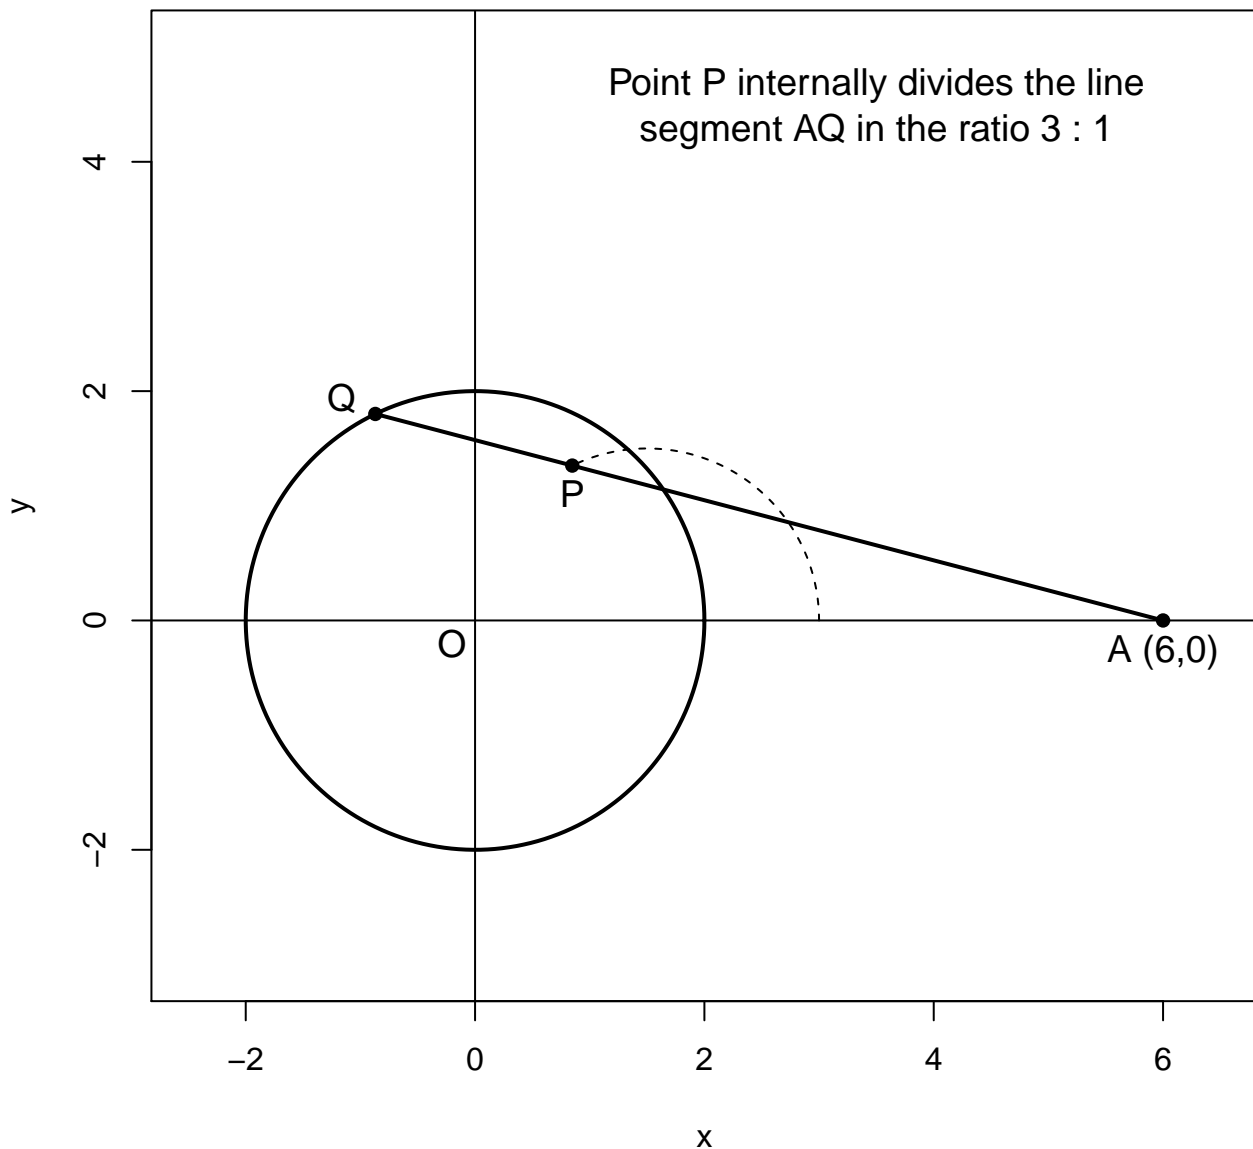

Point P internally divides the line  
segment AQ in the ratio 3 : 1

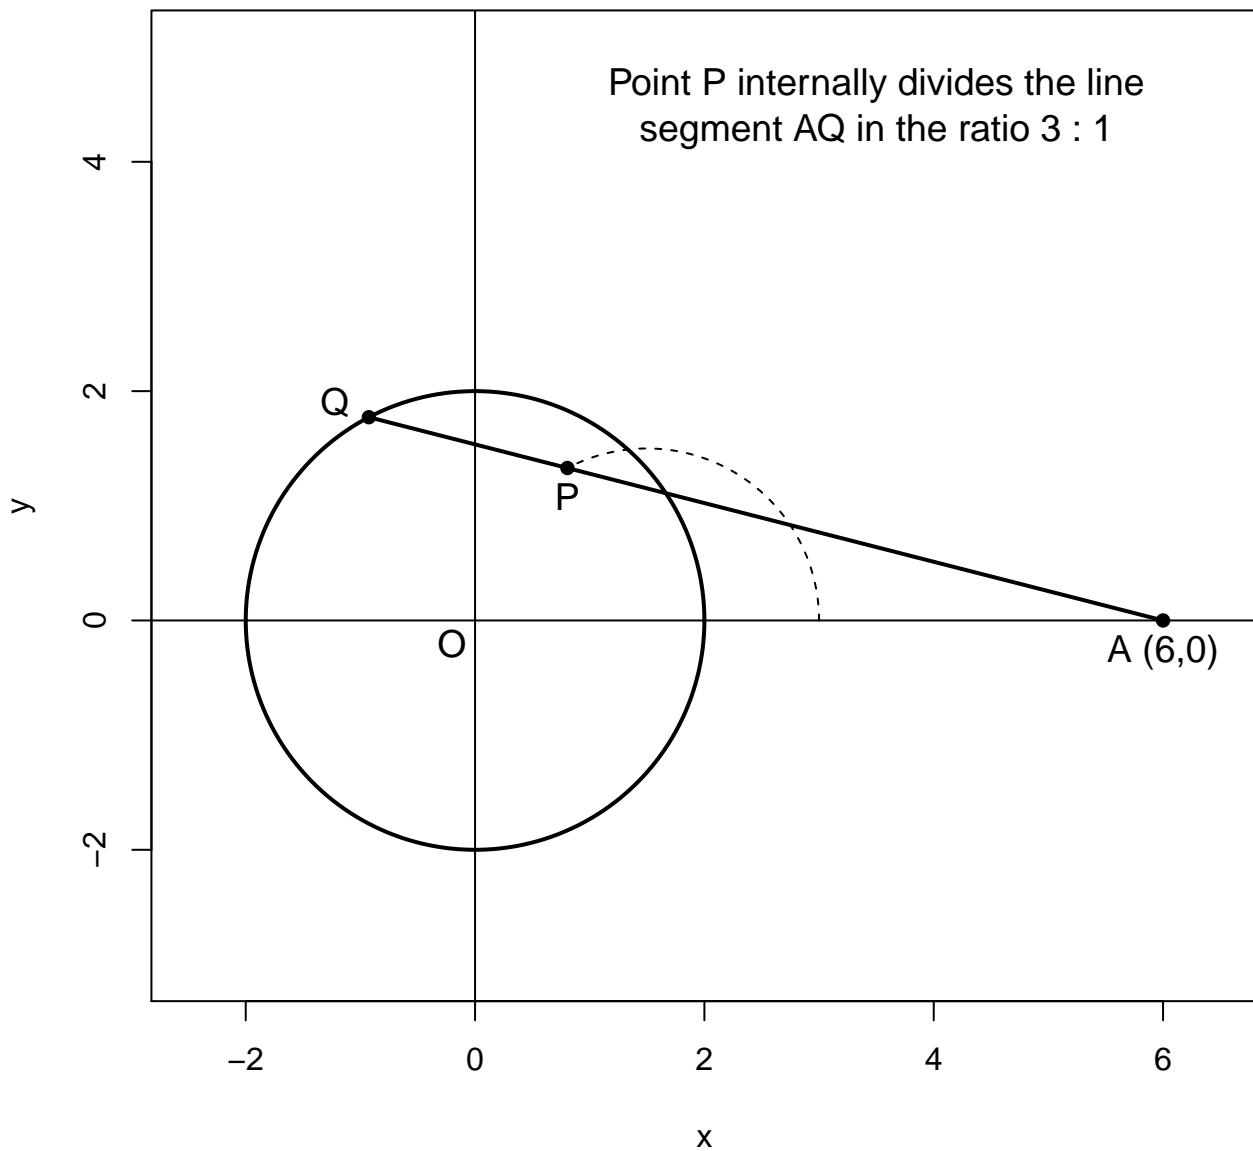

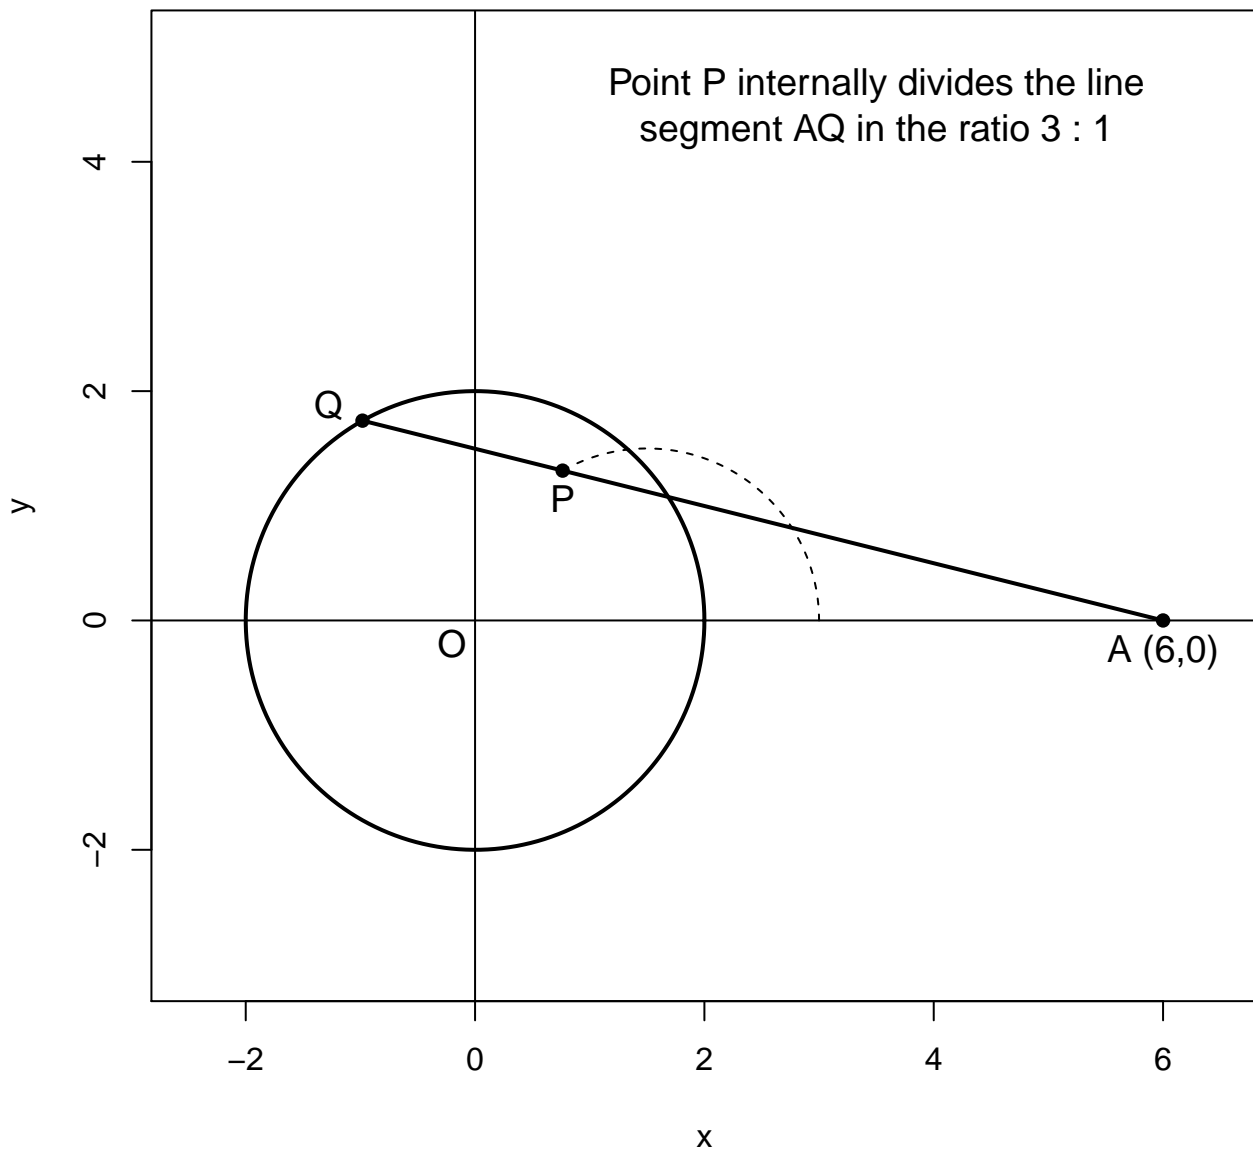

Point P internally divides the line  
segment AQ in the ratio 3 : 1

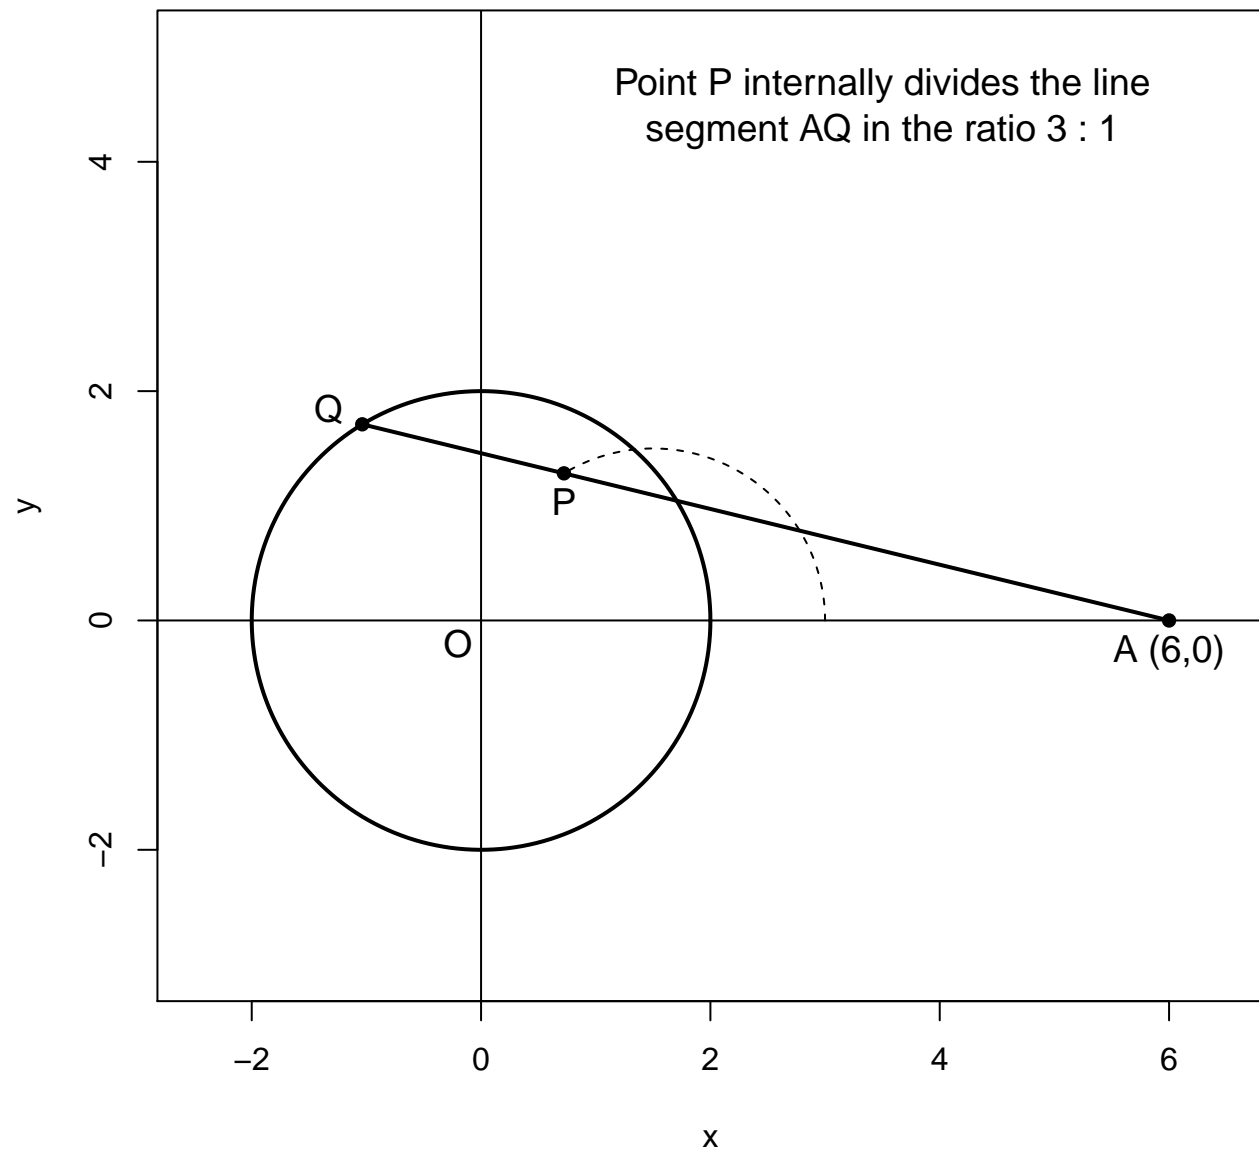

Point P internally divides the line  
segment AQ in the ratio 3 : 1

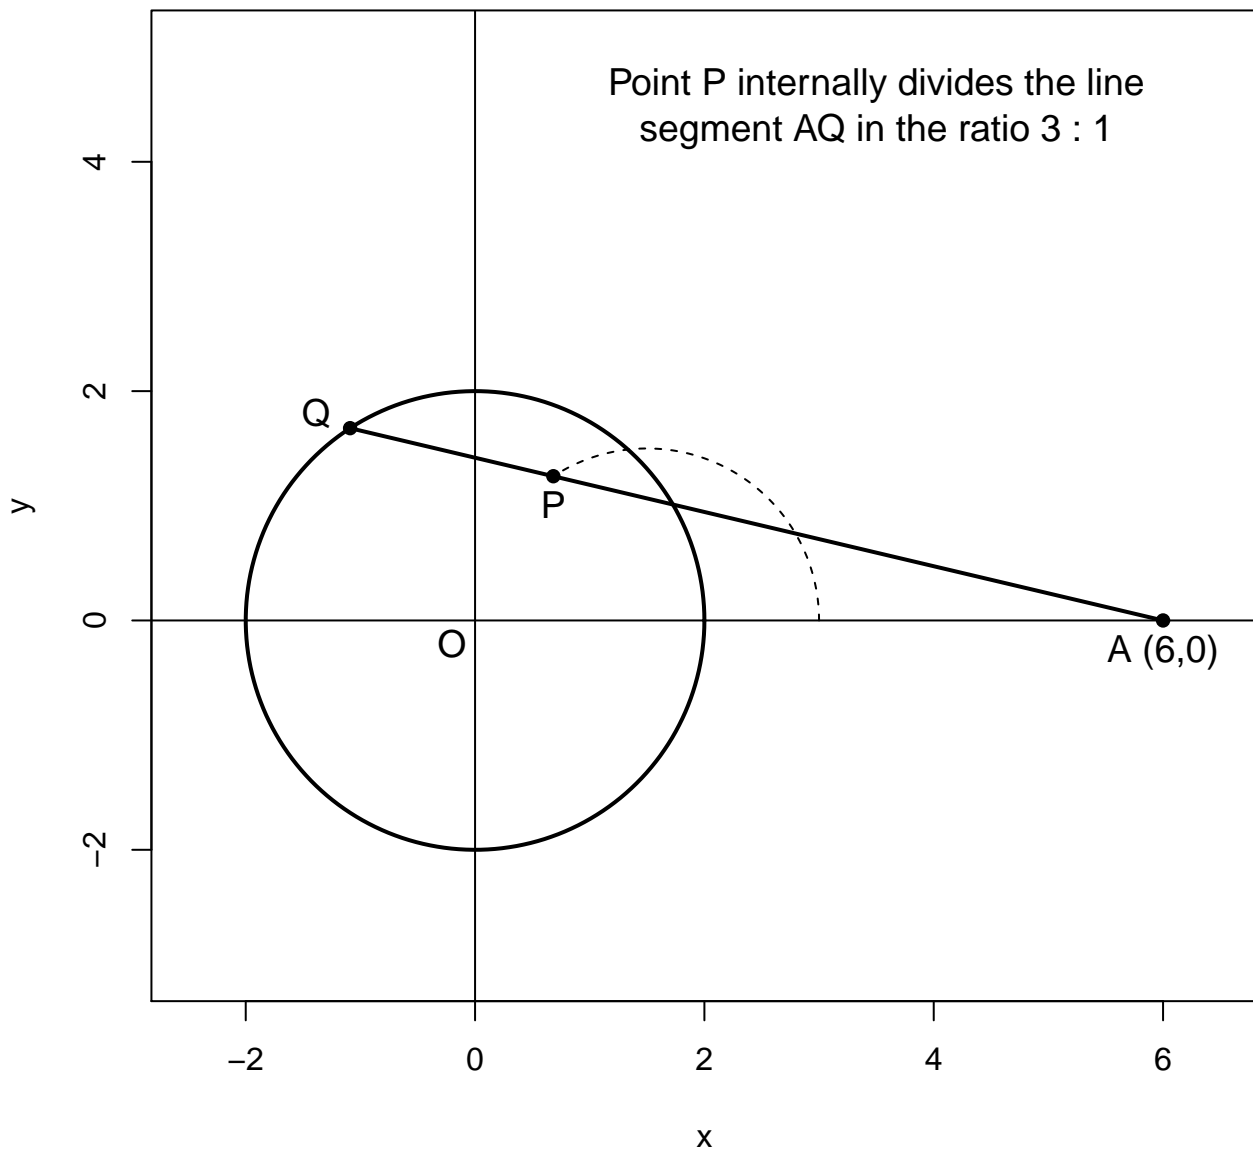

Point P internally divides the line  
segment AQ in the ratio 3 : 1

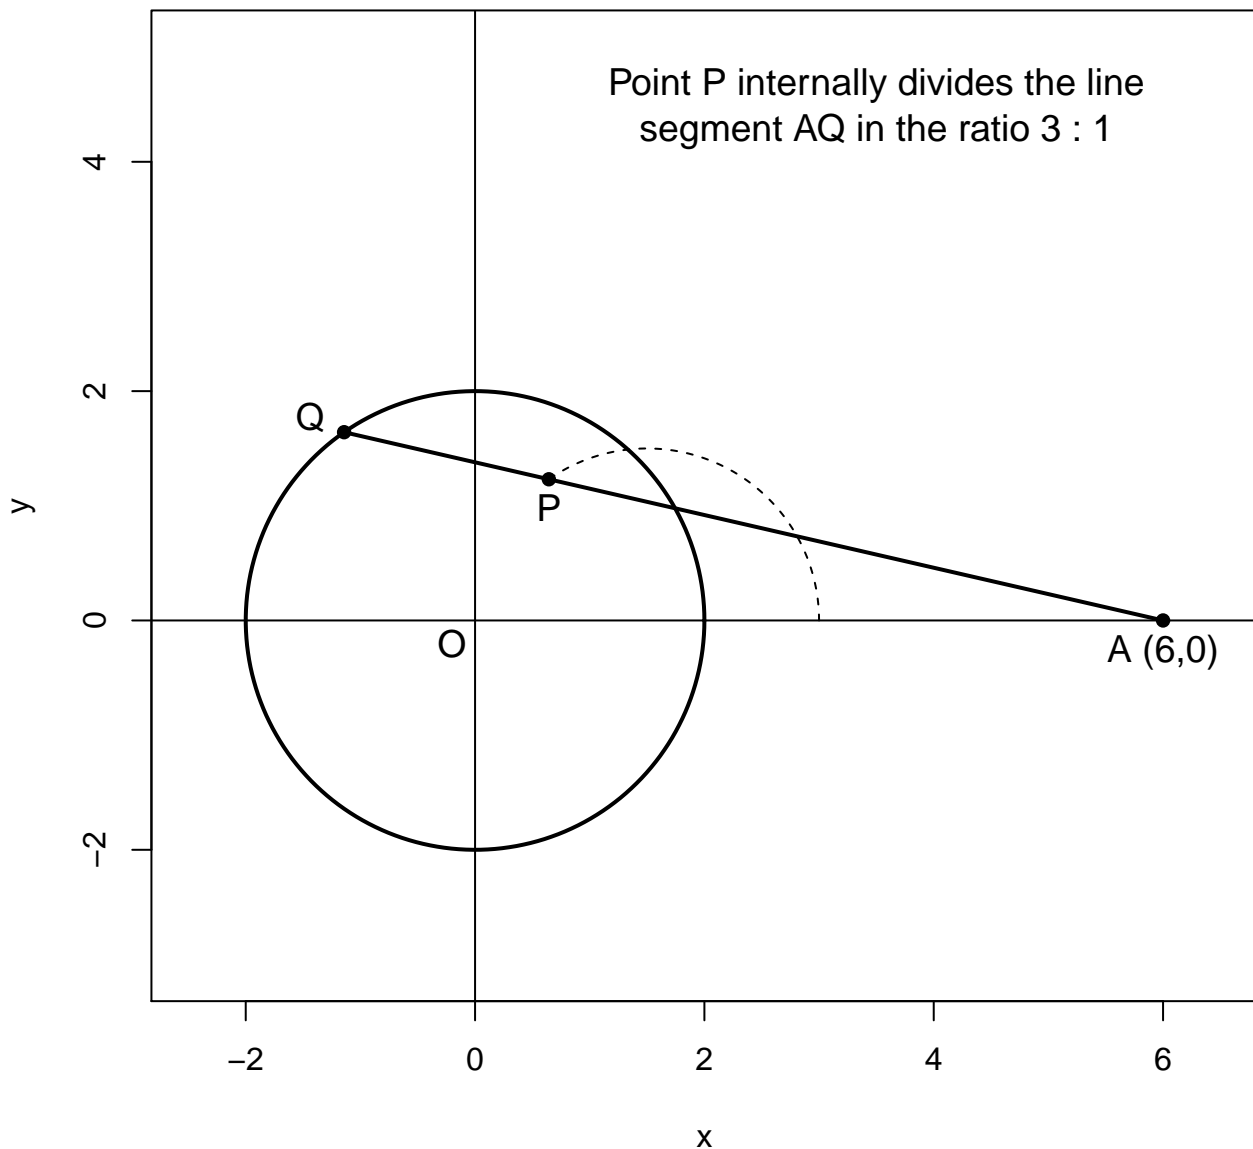

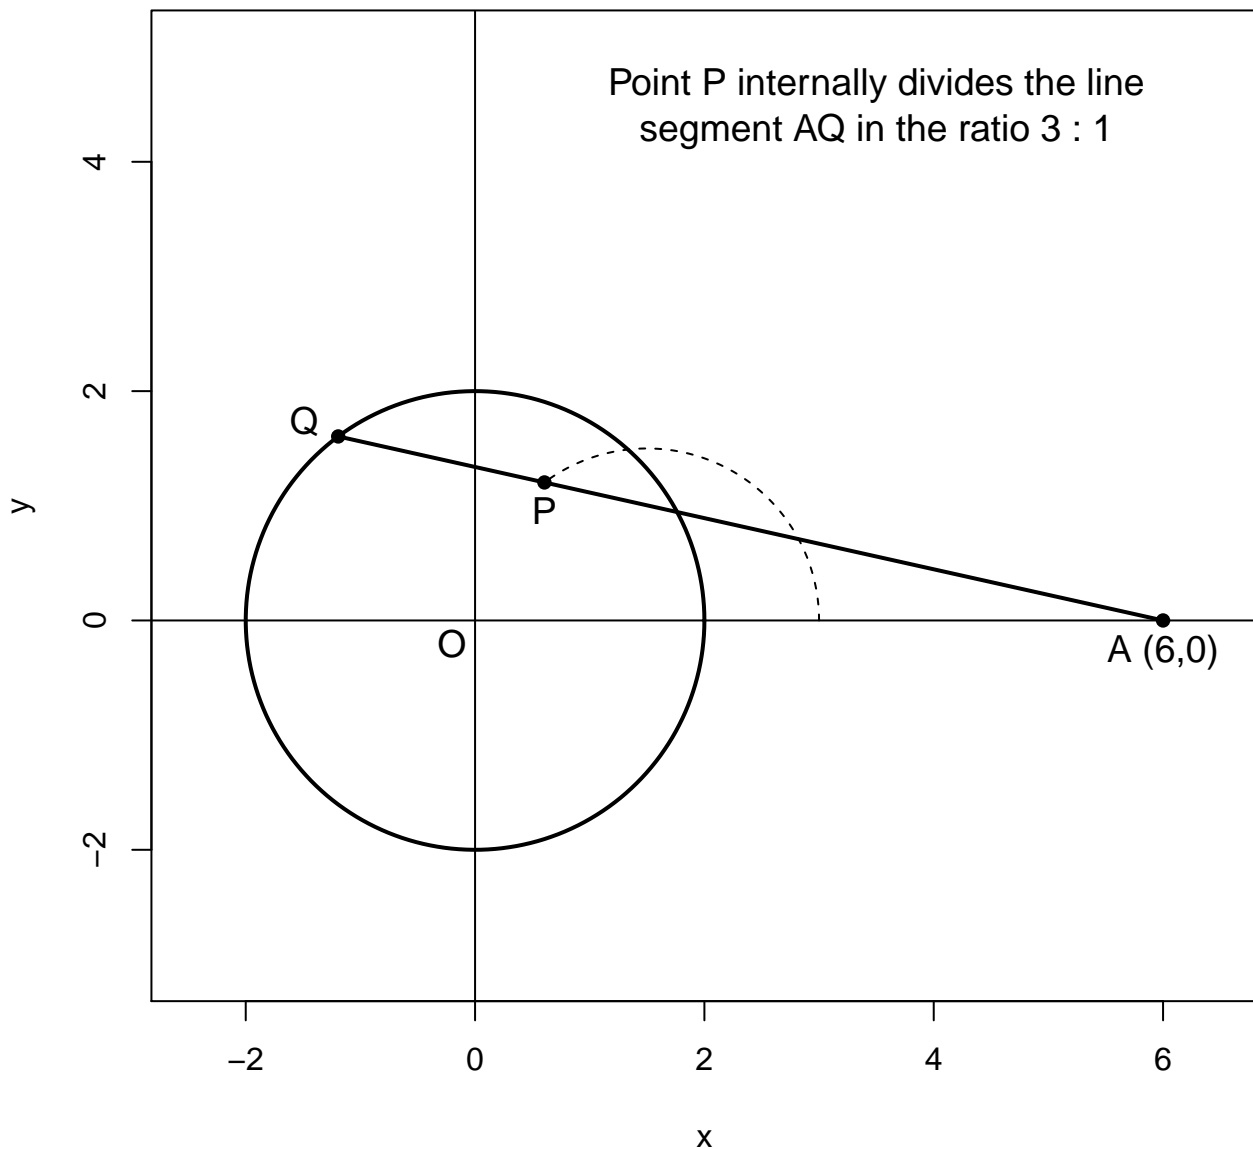

Point P internally divides the line  
segment AQ in the ratio 3 : 1

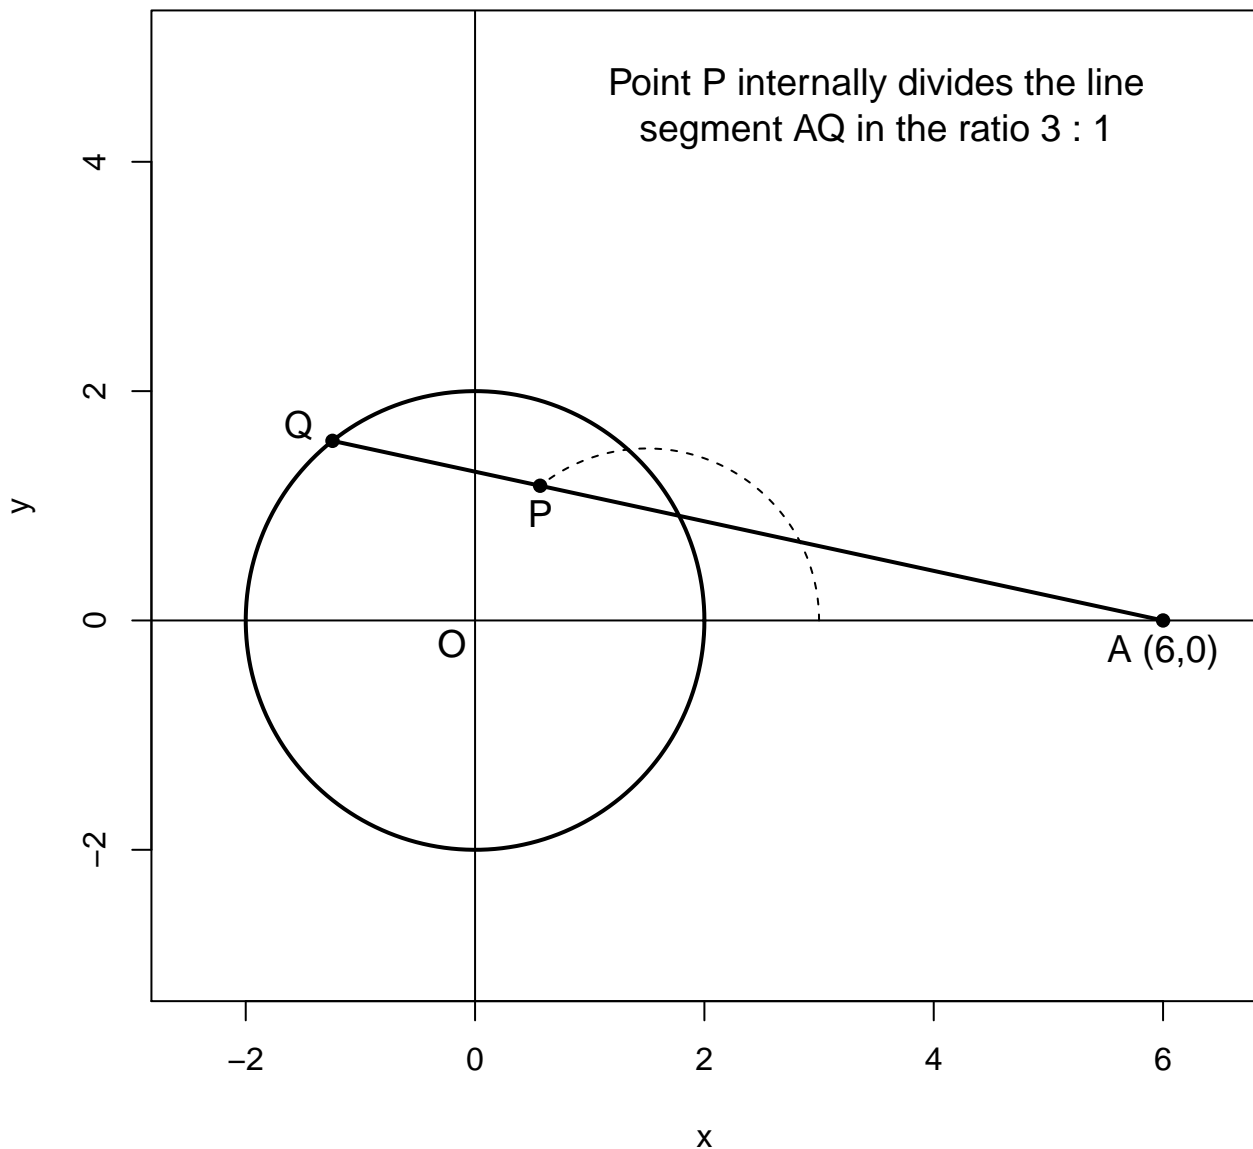

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

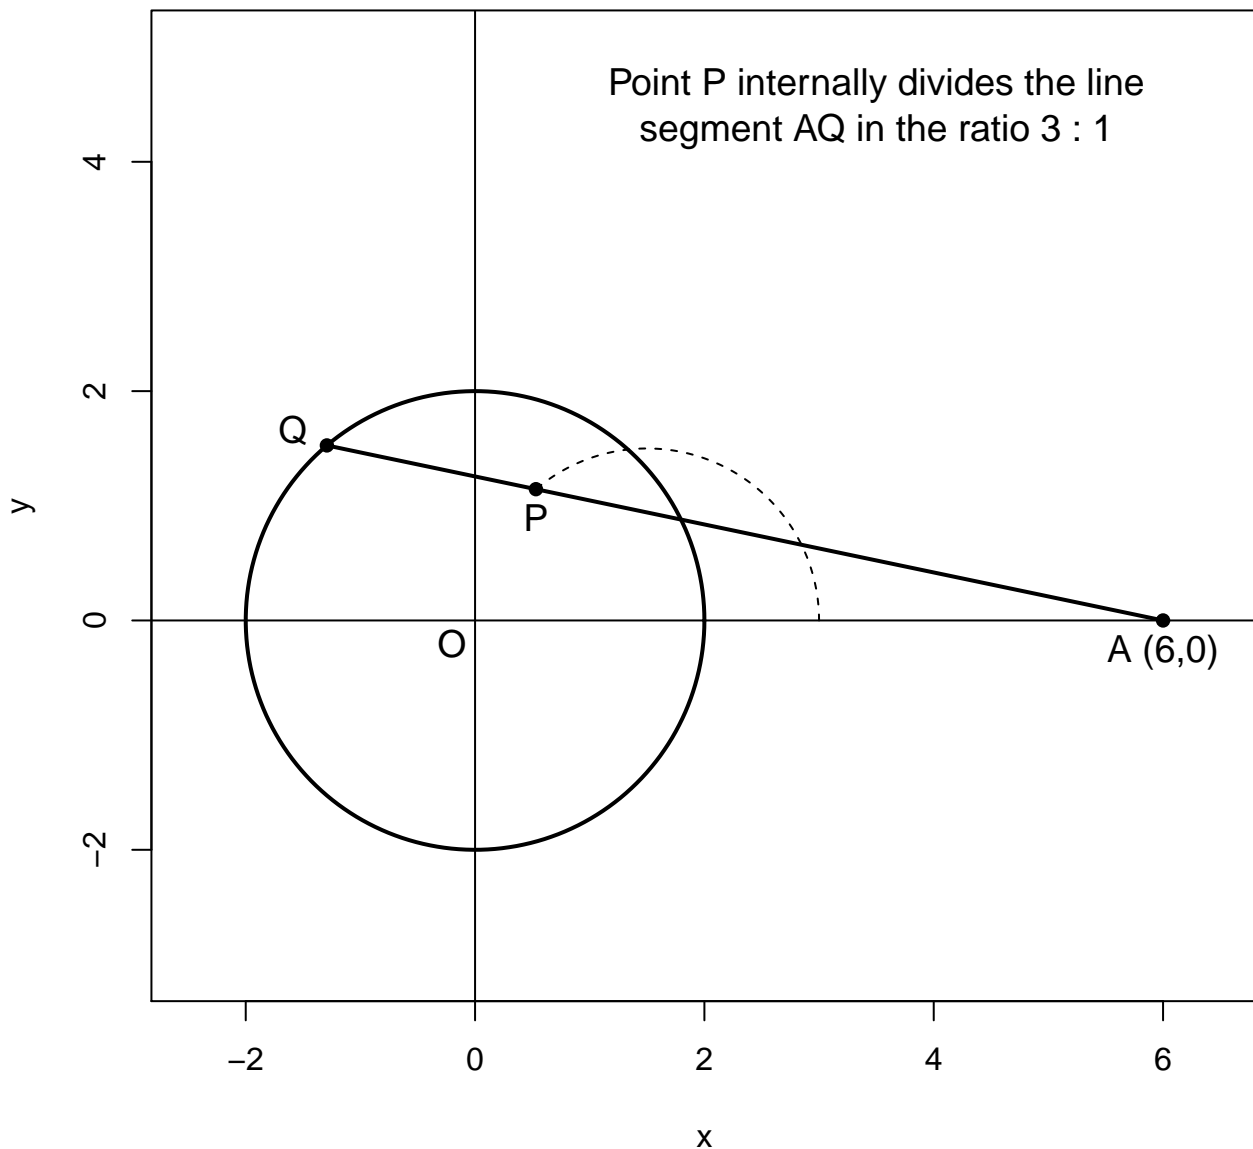

Point P internally divides the line  
segment AQ in the ratio 3 : 1

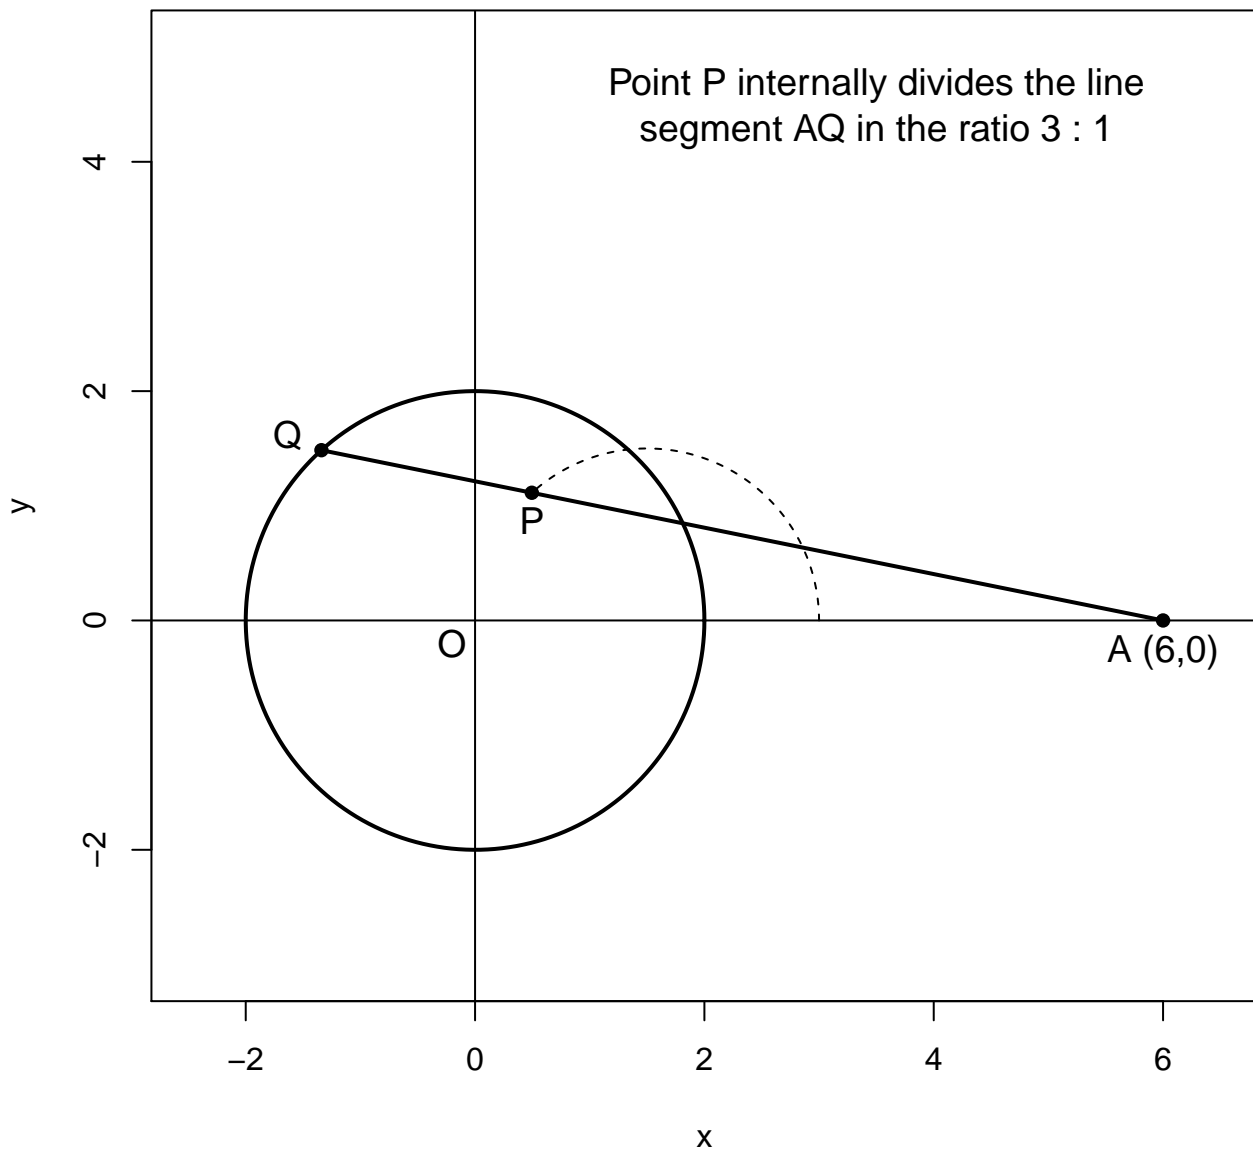

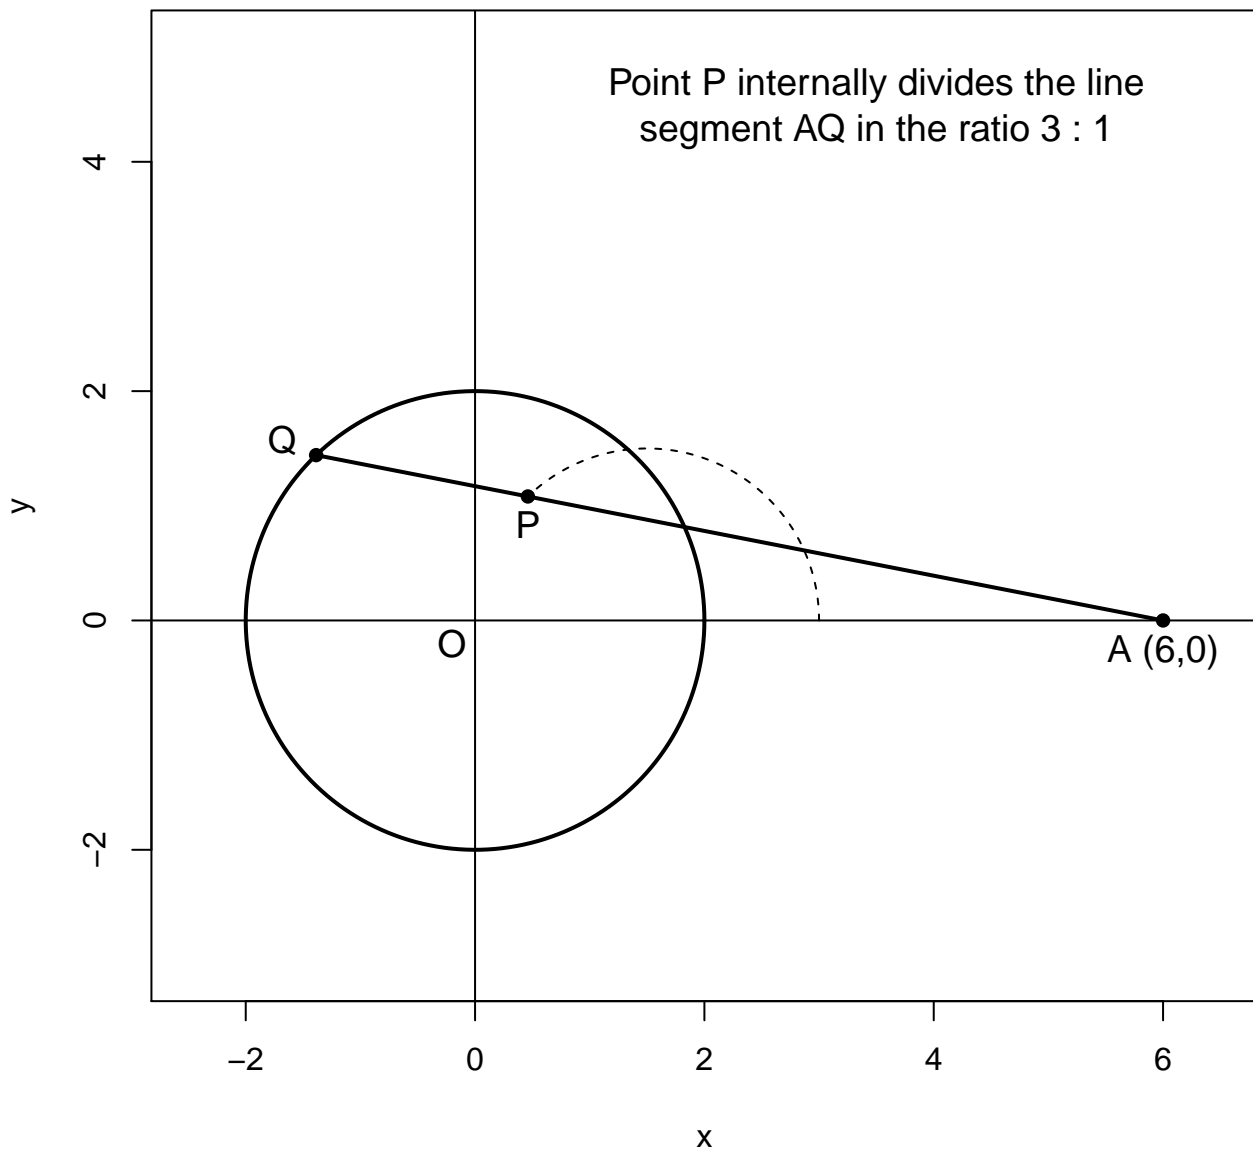

Point P internally divides the line  
segment AQ in the ratio 3 : 1

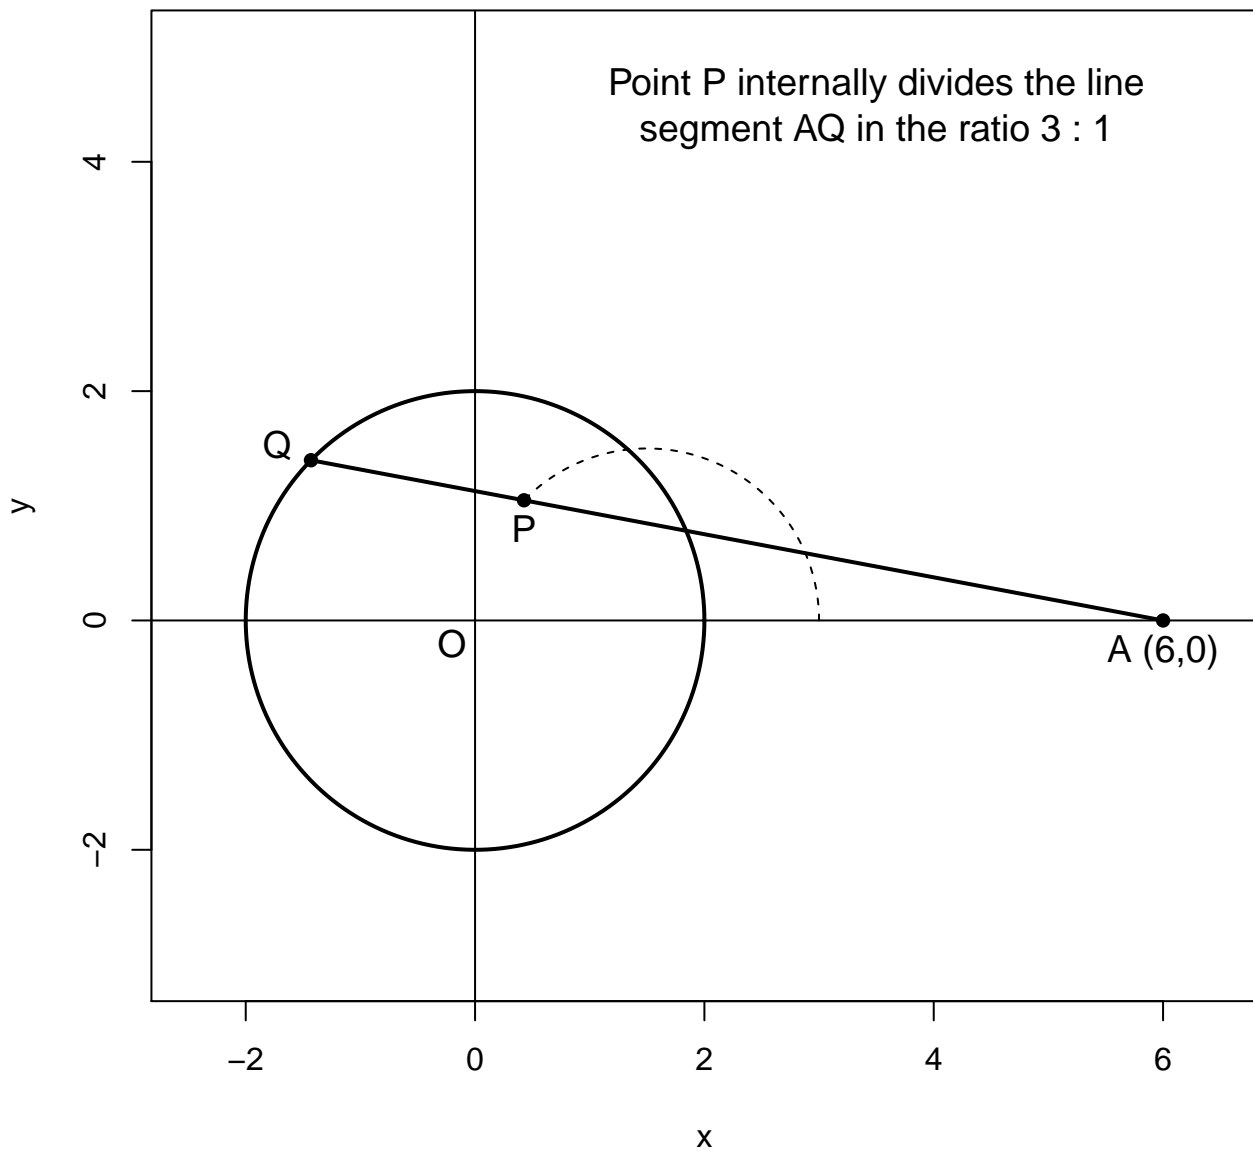

Point P internally divides the line  
segment AQ in the ratio 3 : 1

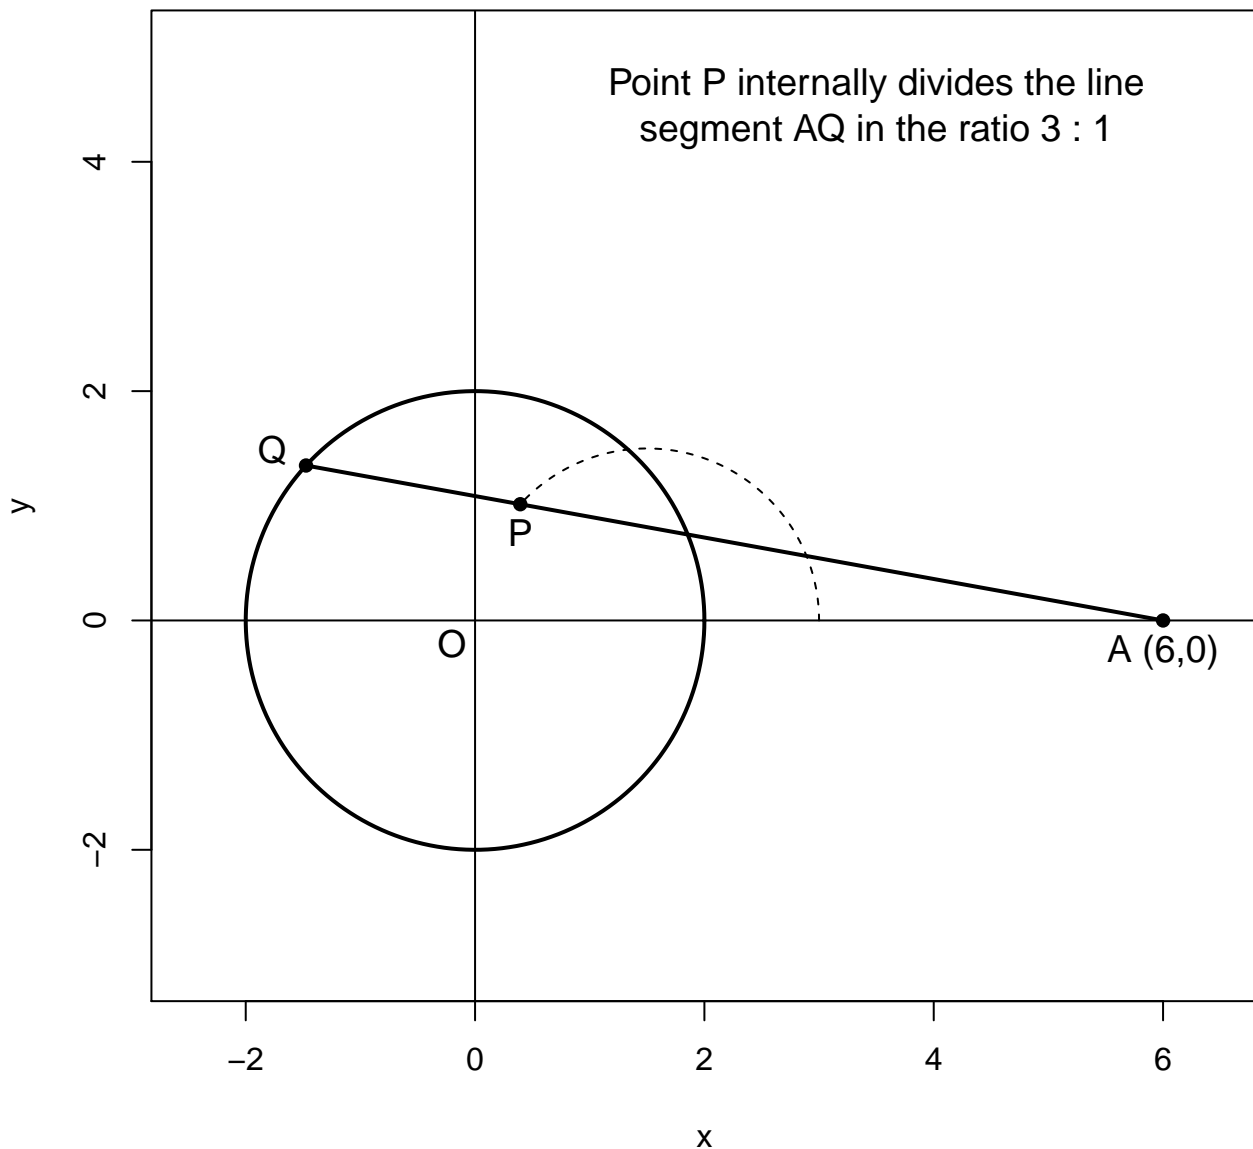

Point P internally divides the line  
segment AQ in the ratio 3 : 1

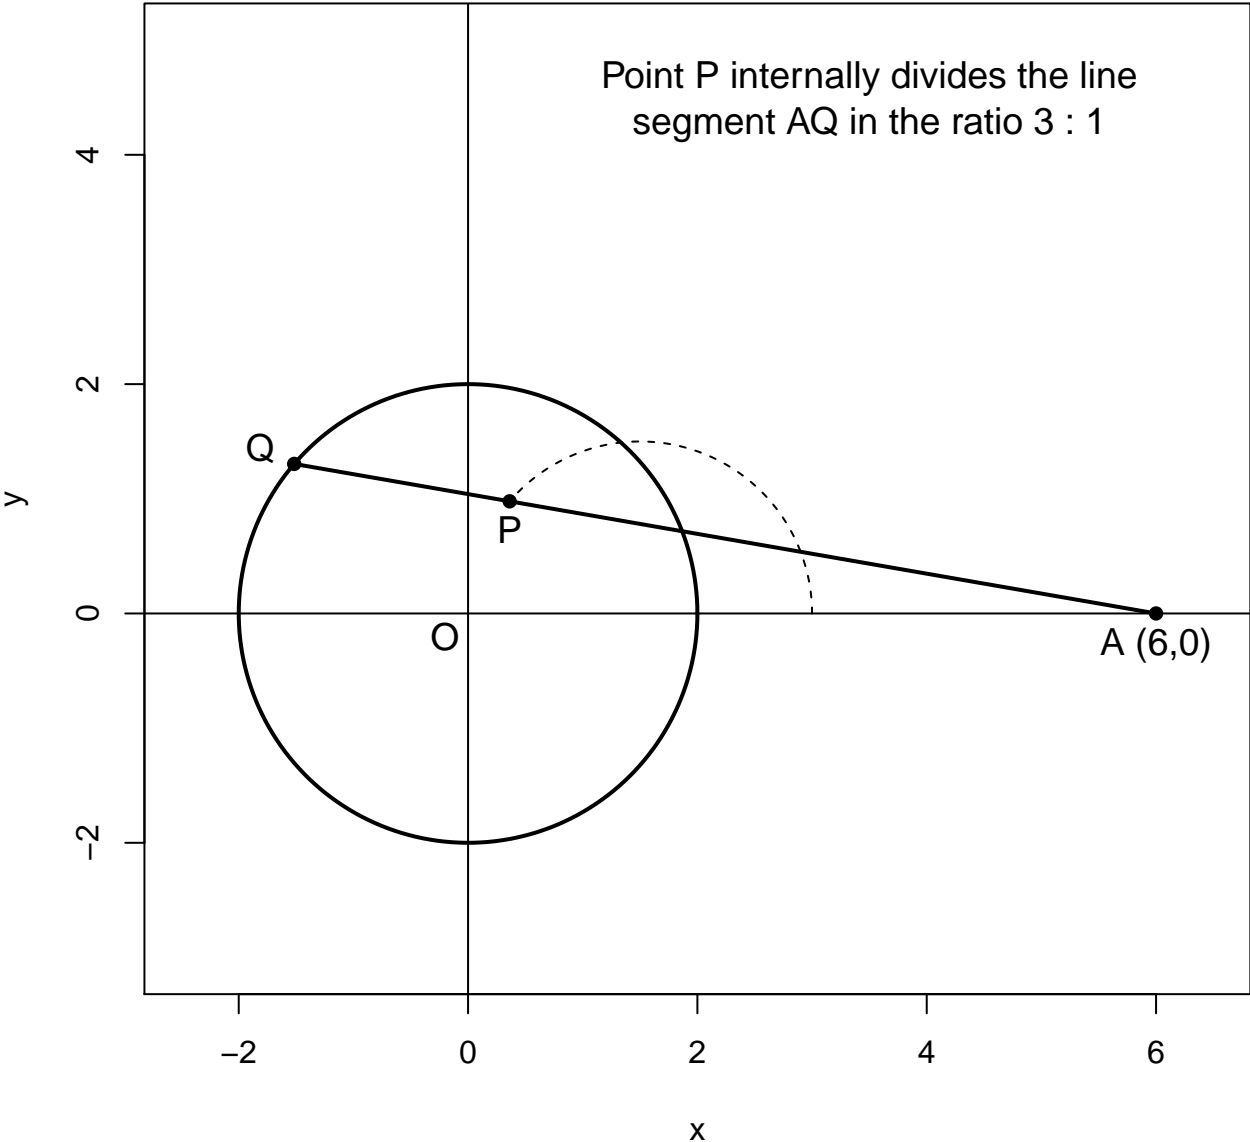

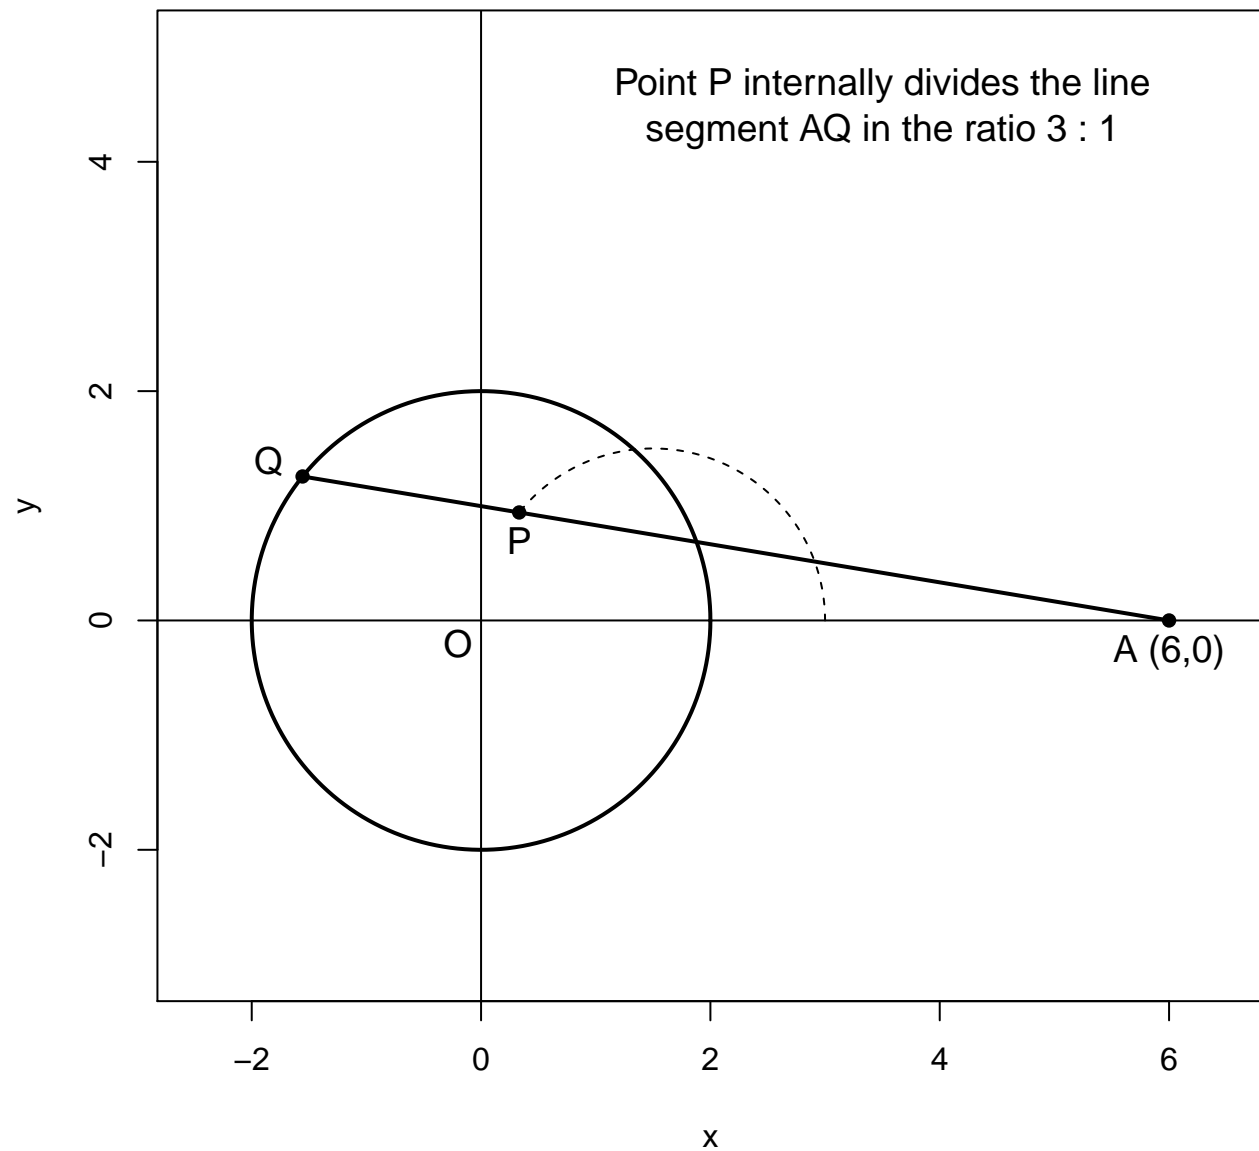

Point P internally divides the line  
segment AQ in the ratio 3 : 1

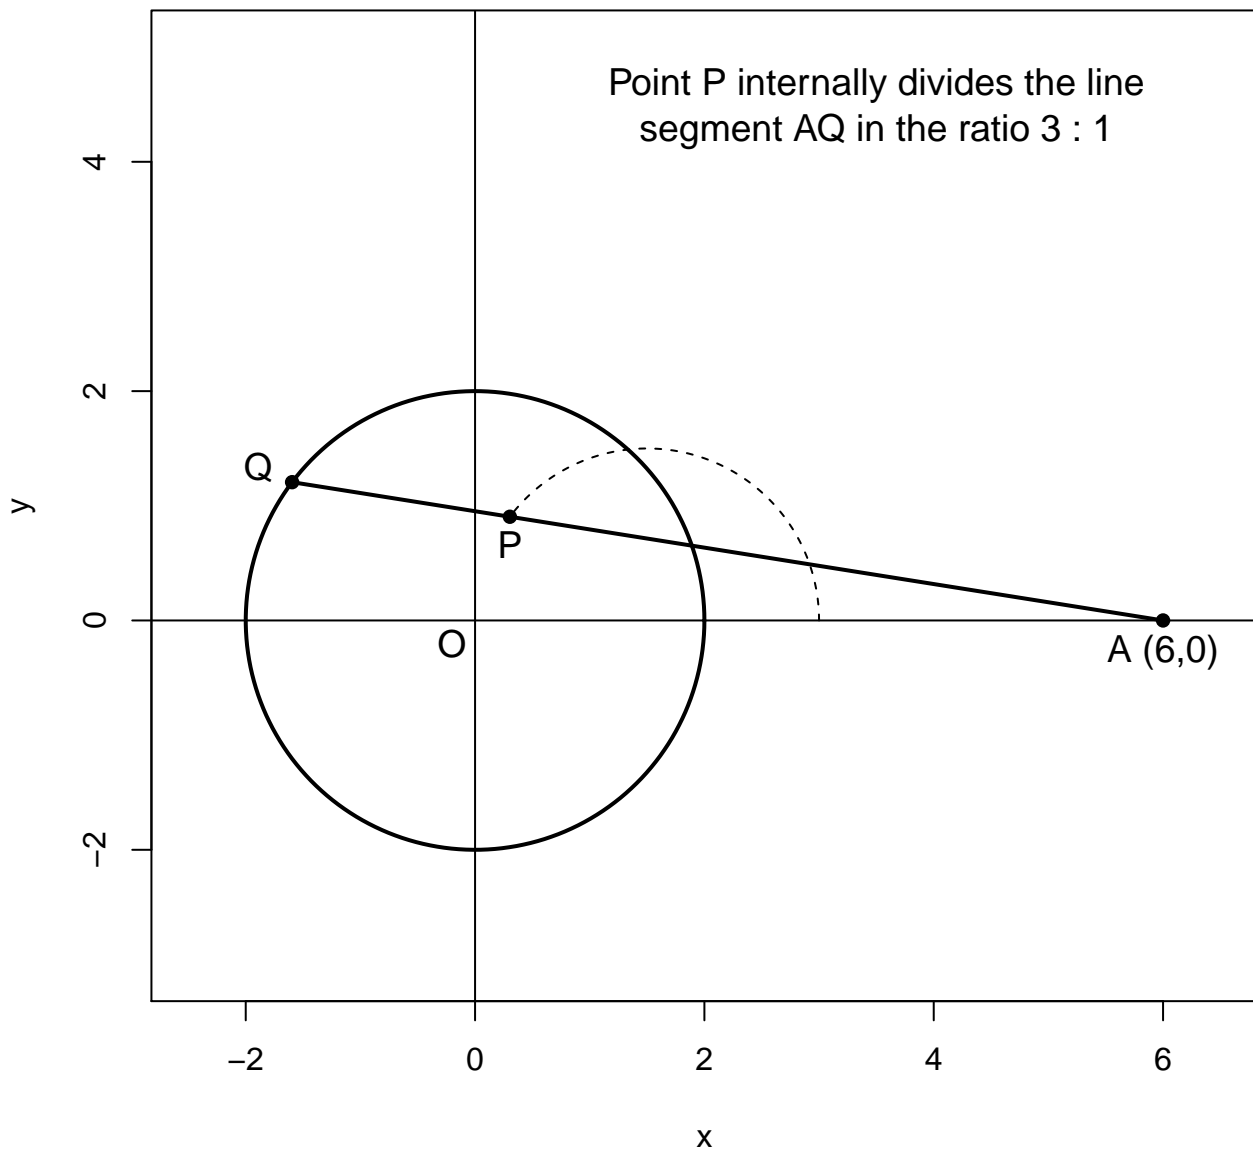

Point P internally divides the line  
segment AQ in the ratio 3 : 1

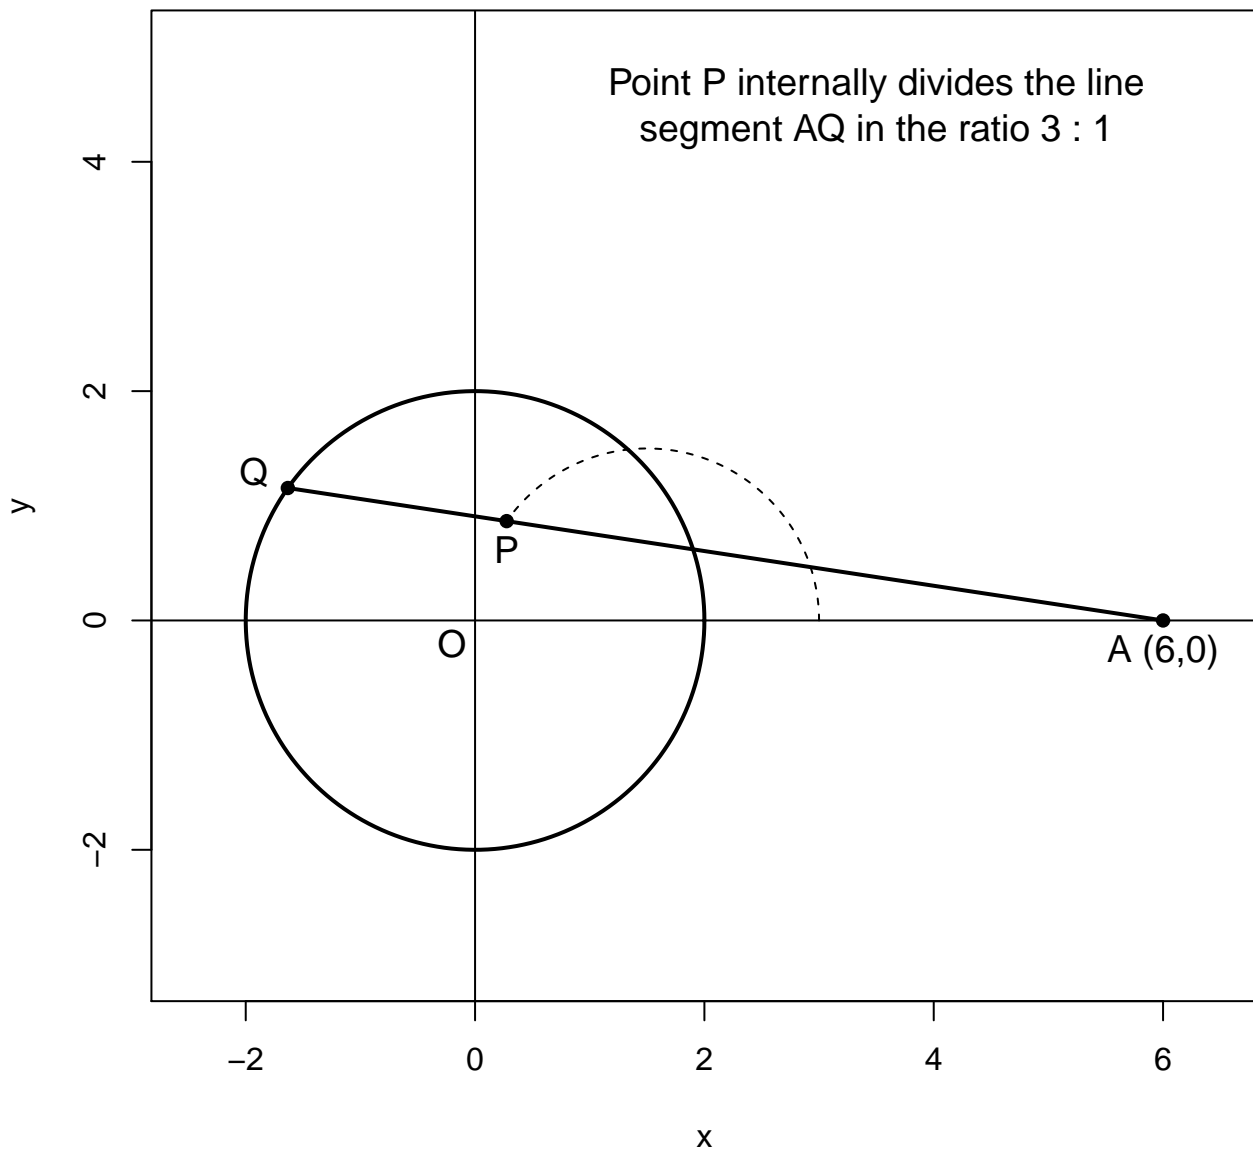

Point P internally divides the line  
segment AQ in the ratio 3 : 1

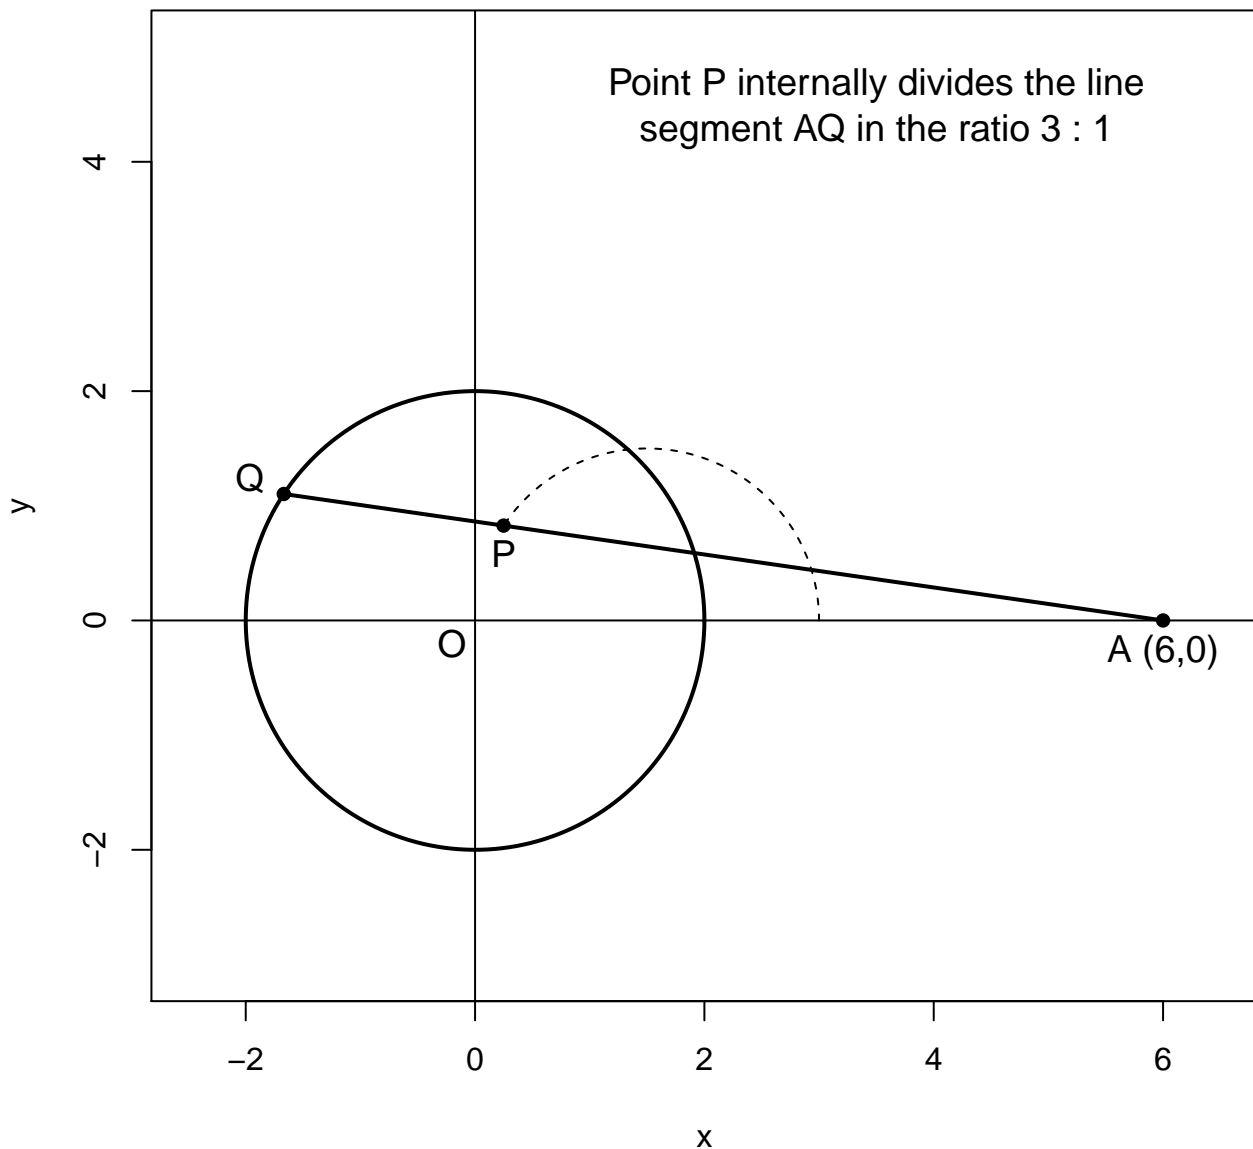

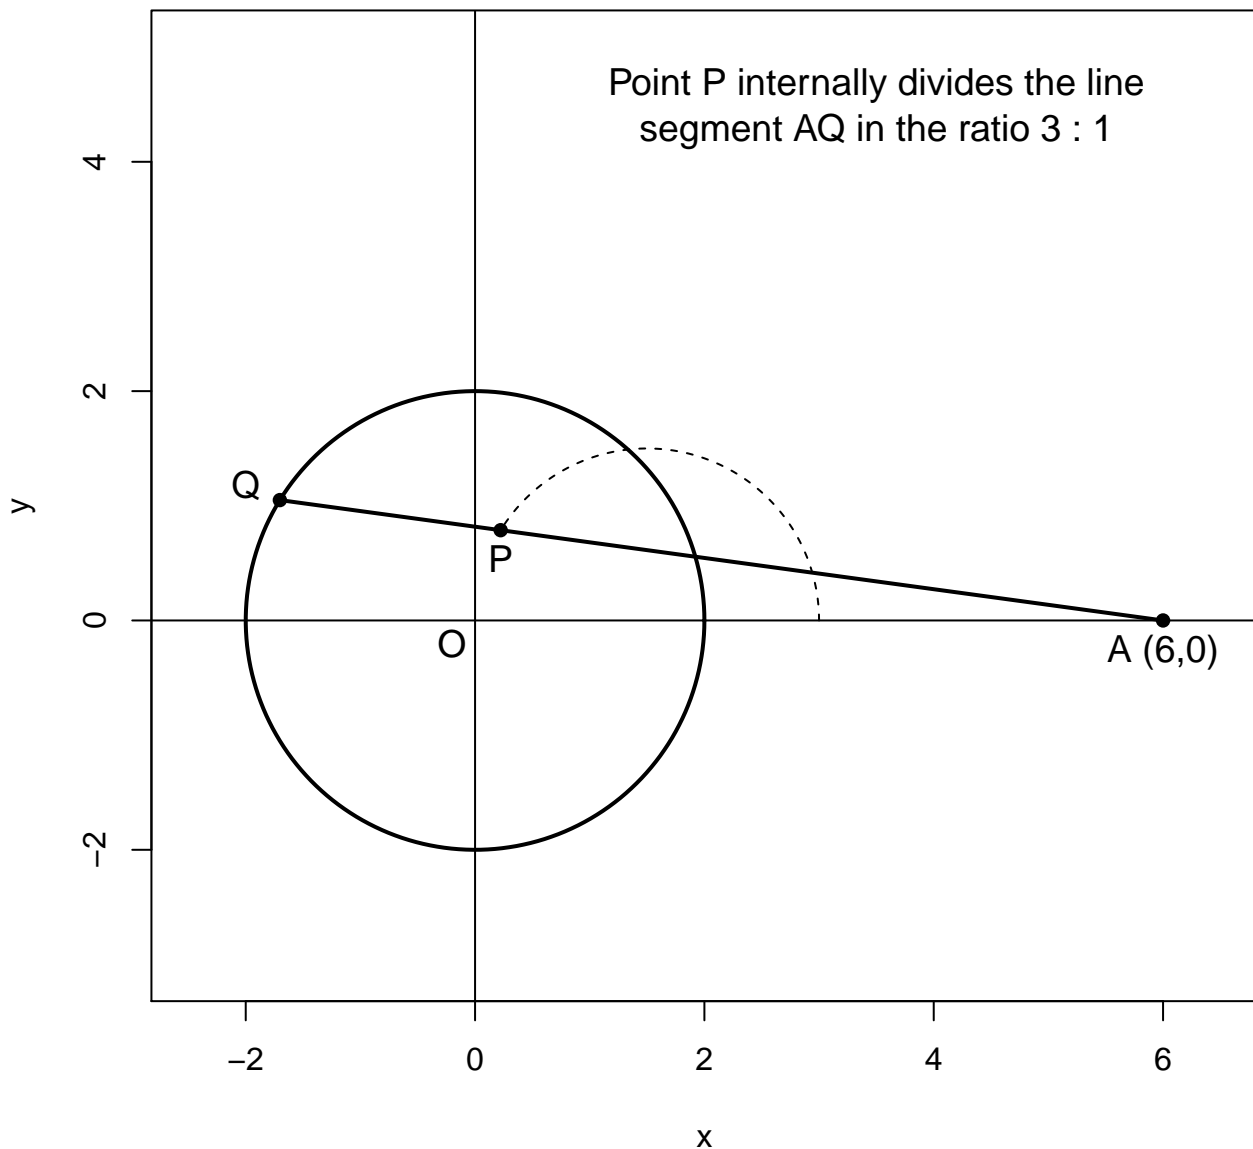

Point P internally divides the line  
segment AQ in the ratio 3 : 1

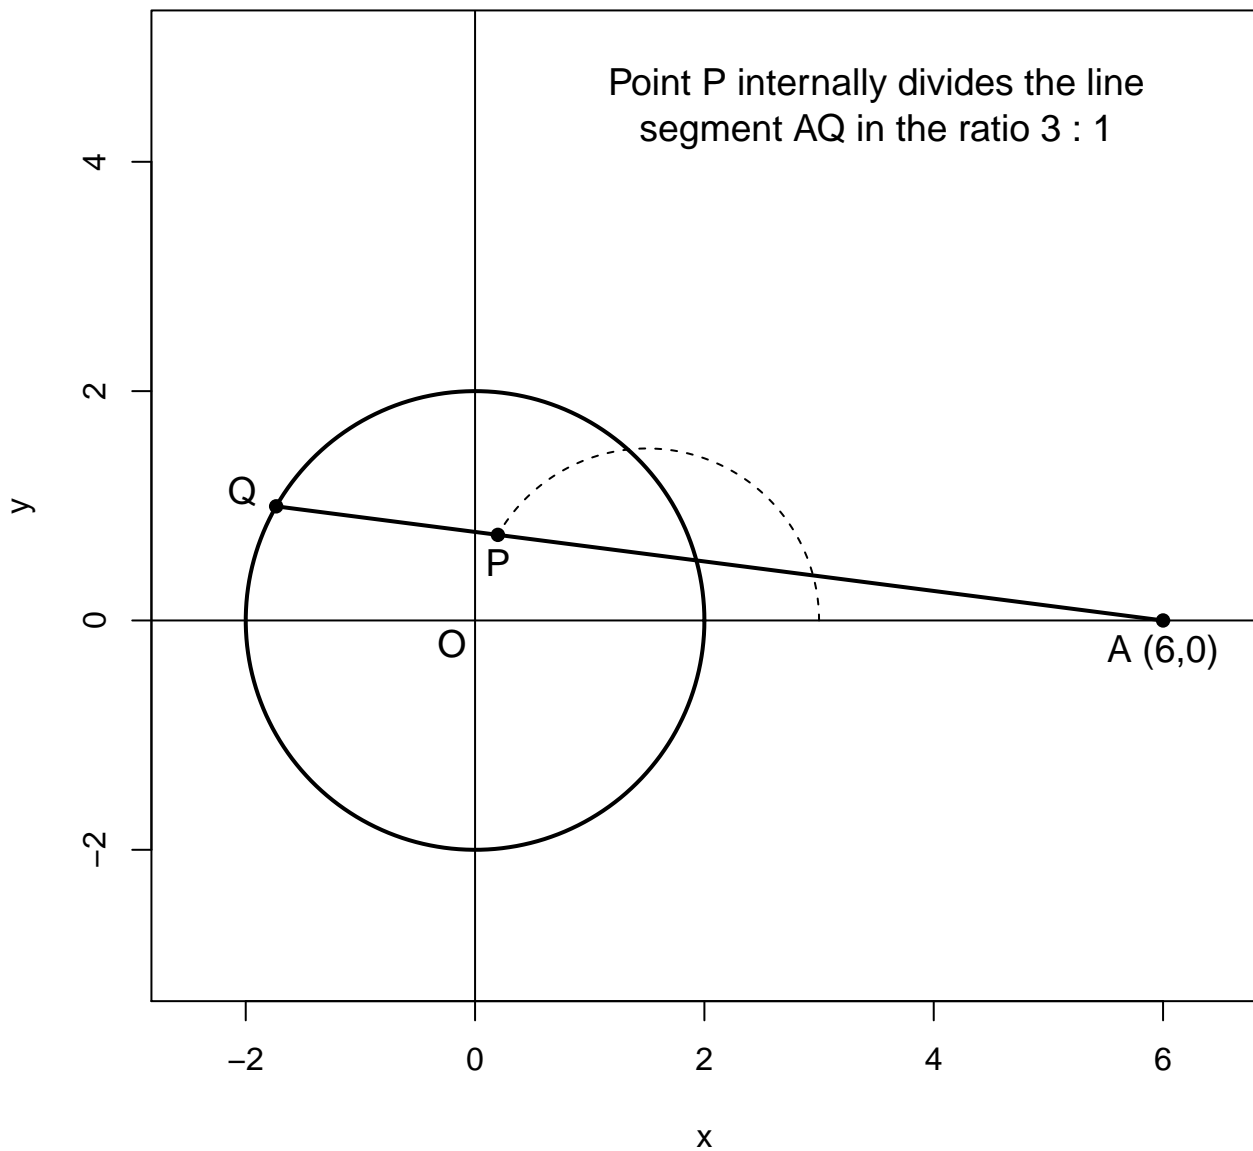

Point P internally divides the line  
segment AQ in the ratio 3 : 1

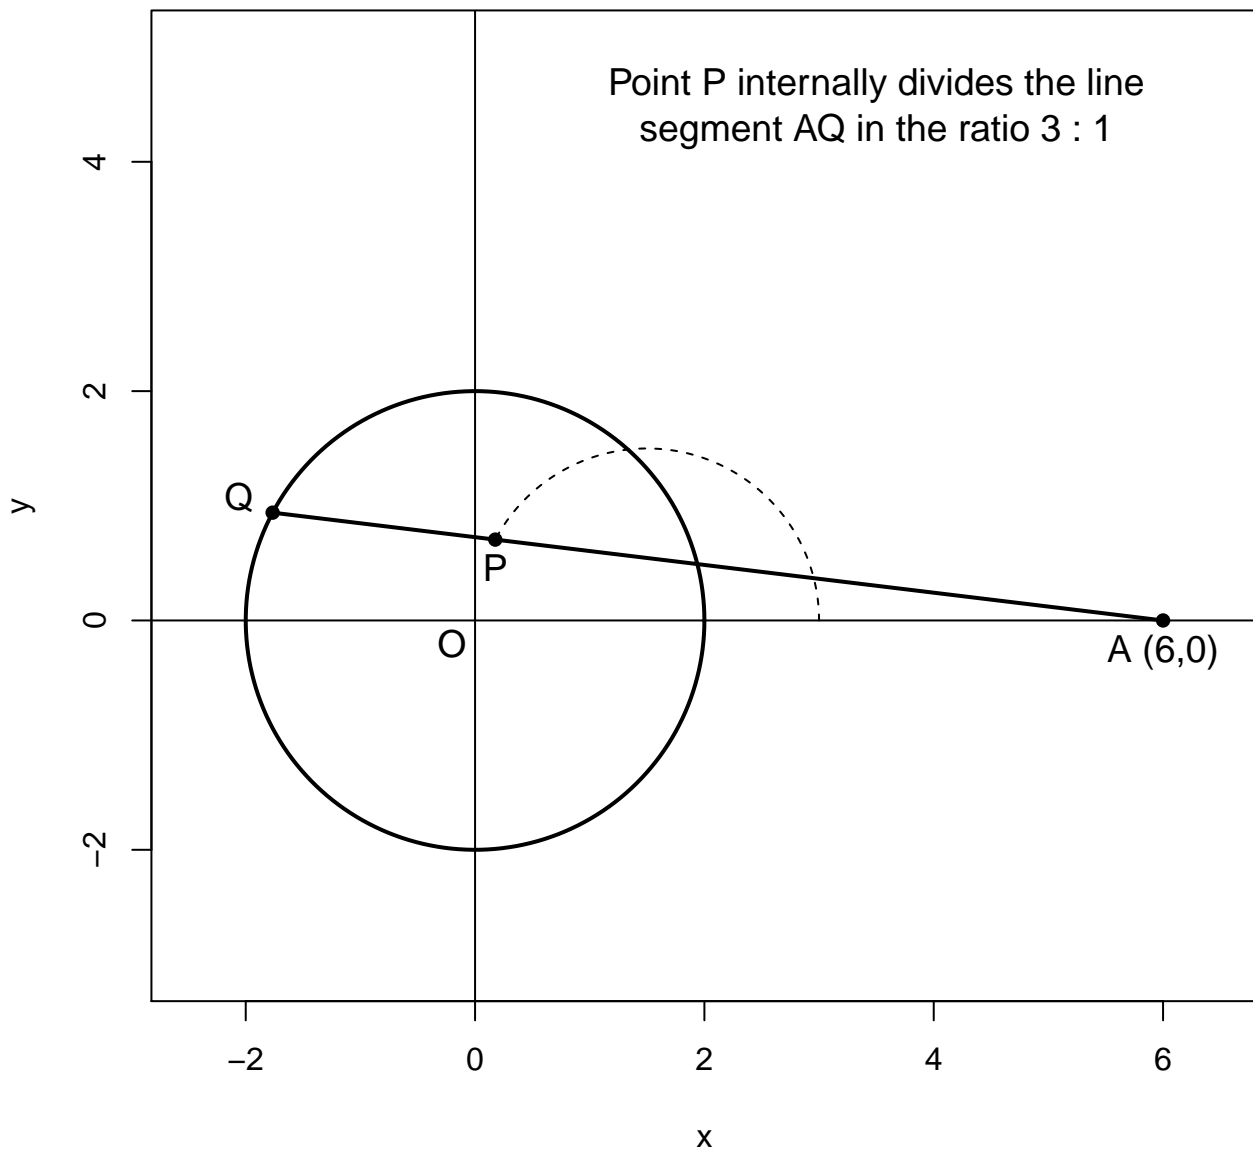

Point P internally divides the line  
segment AQ in the ratio 3 : 1

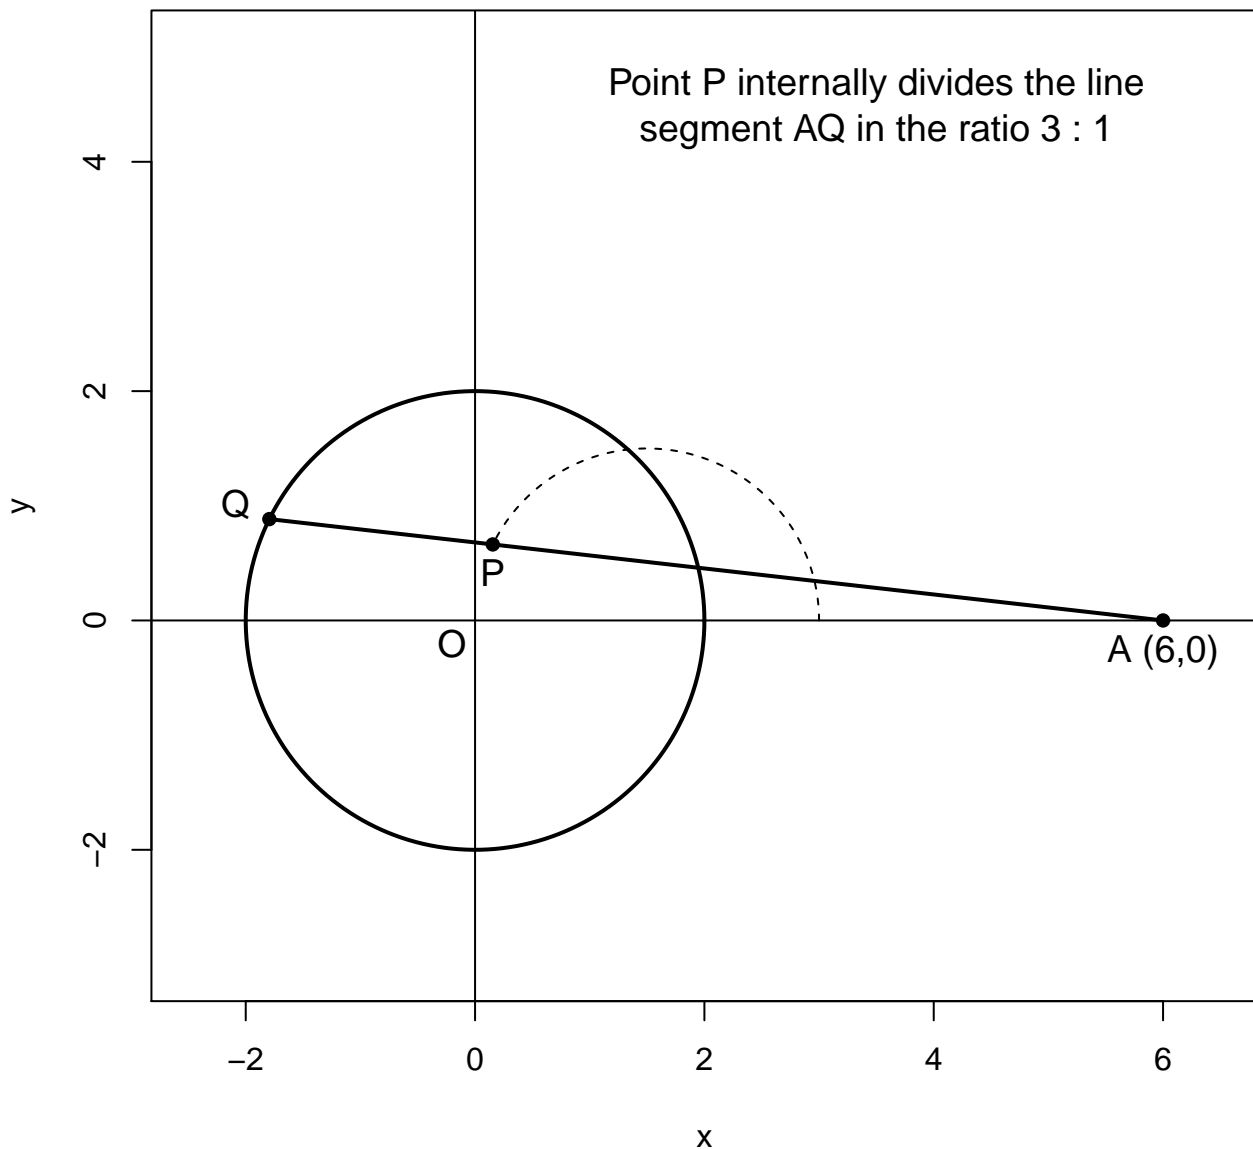

Point P internally divides the line  
segment AQ in the ratio 3 : 1

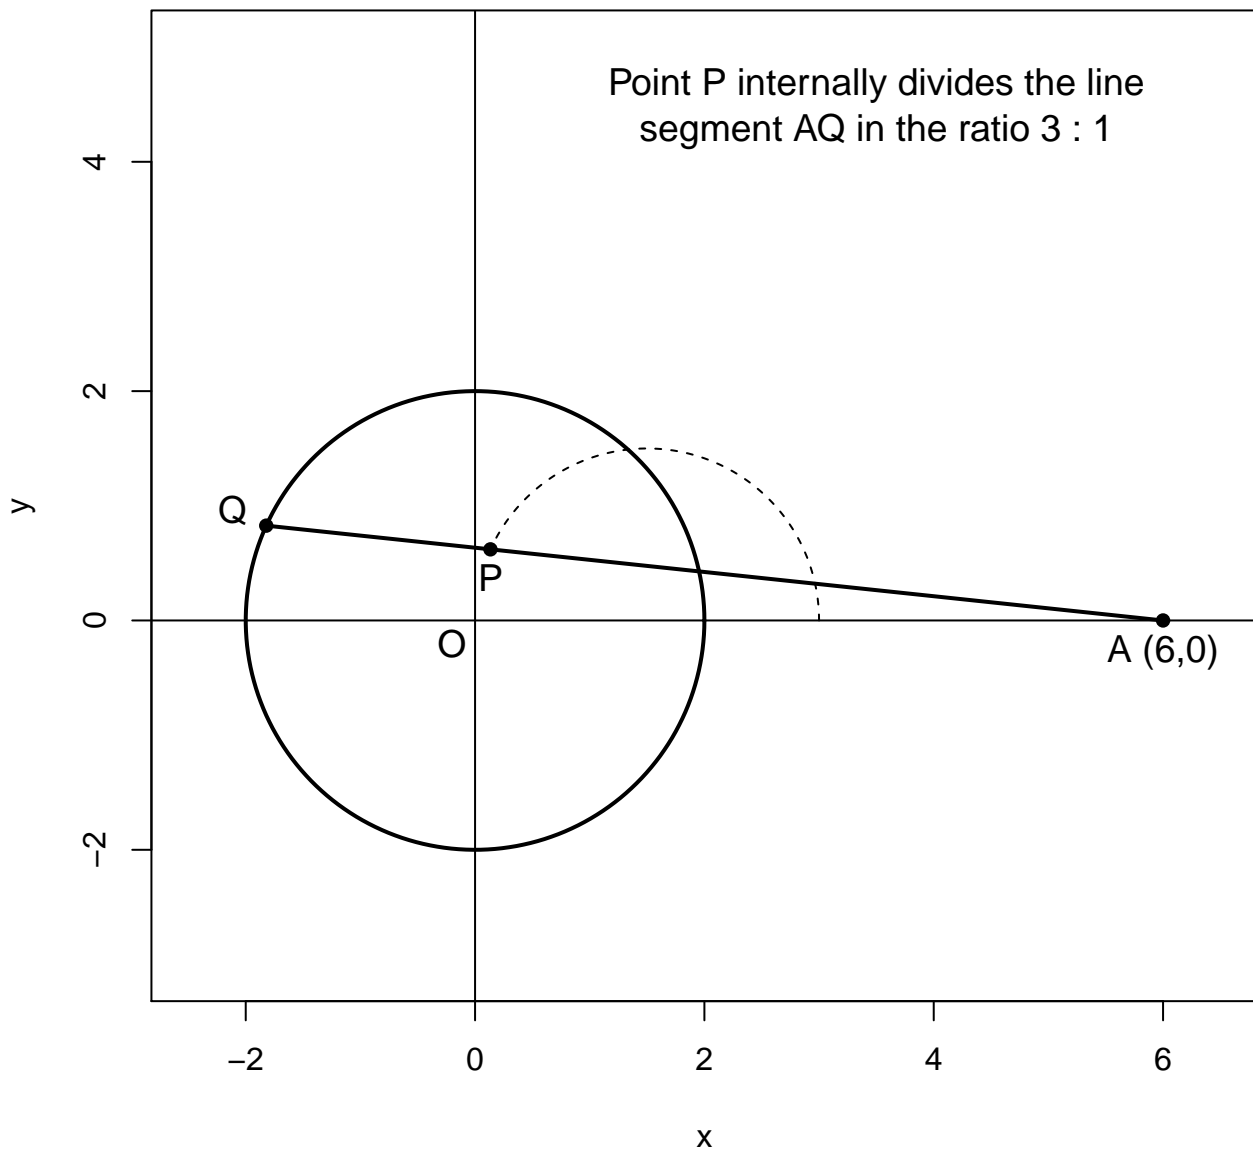

Point P internally divides the line  
segment AQ in the ratio 3 : 1

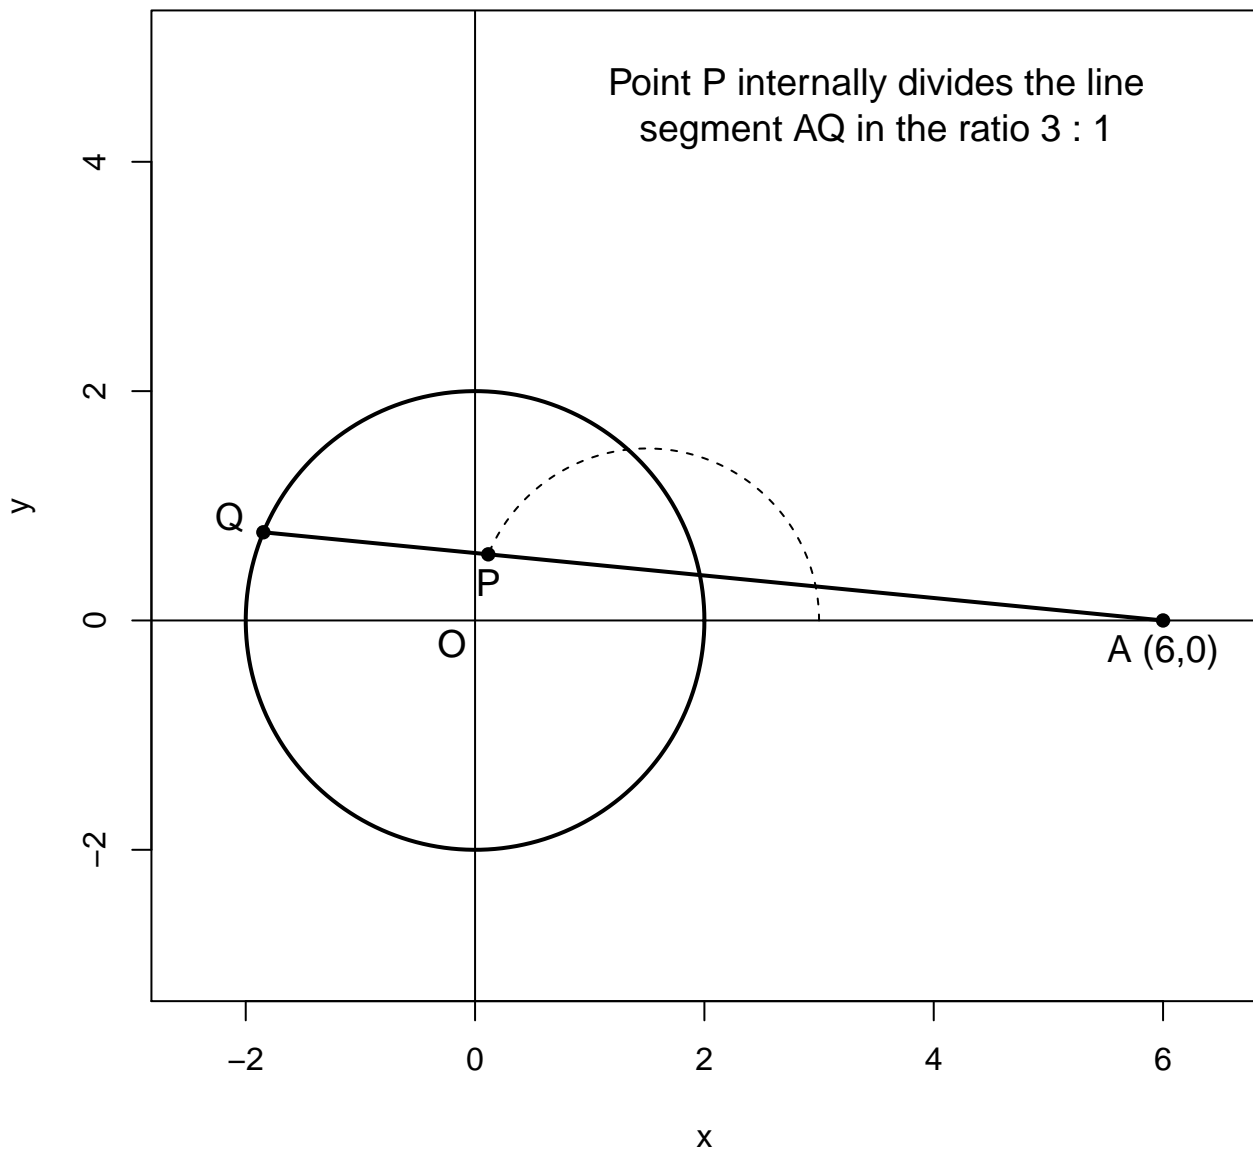

Point P internally divides the line  
segment AQ in the ratio 3 : 1

Point P internally divides the line  
segment AQ in the ratio 3 : 1

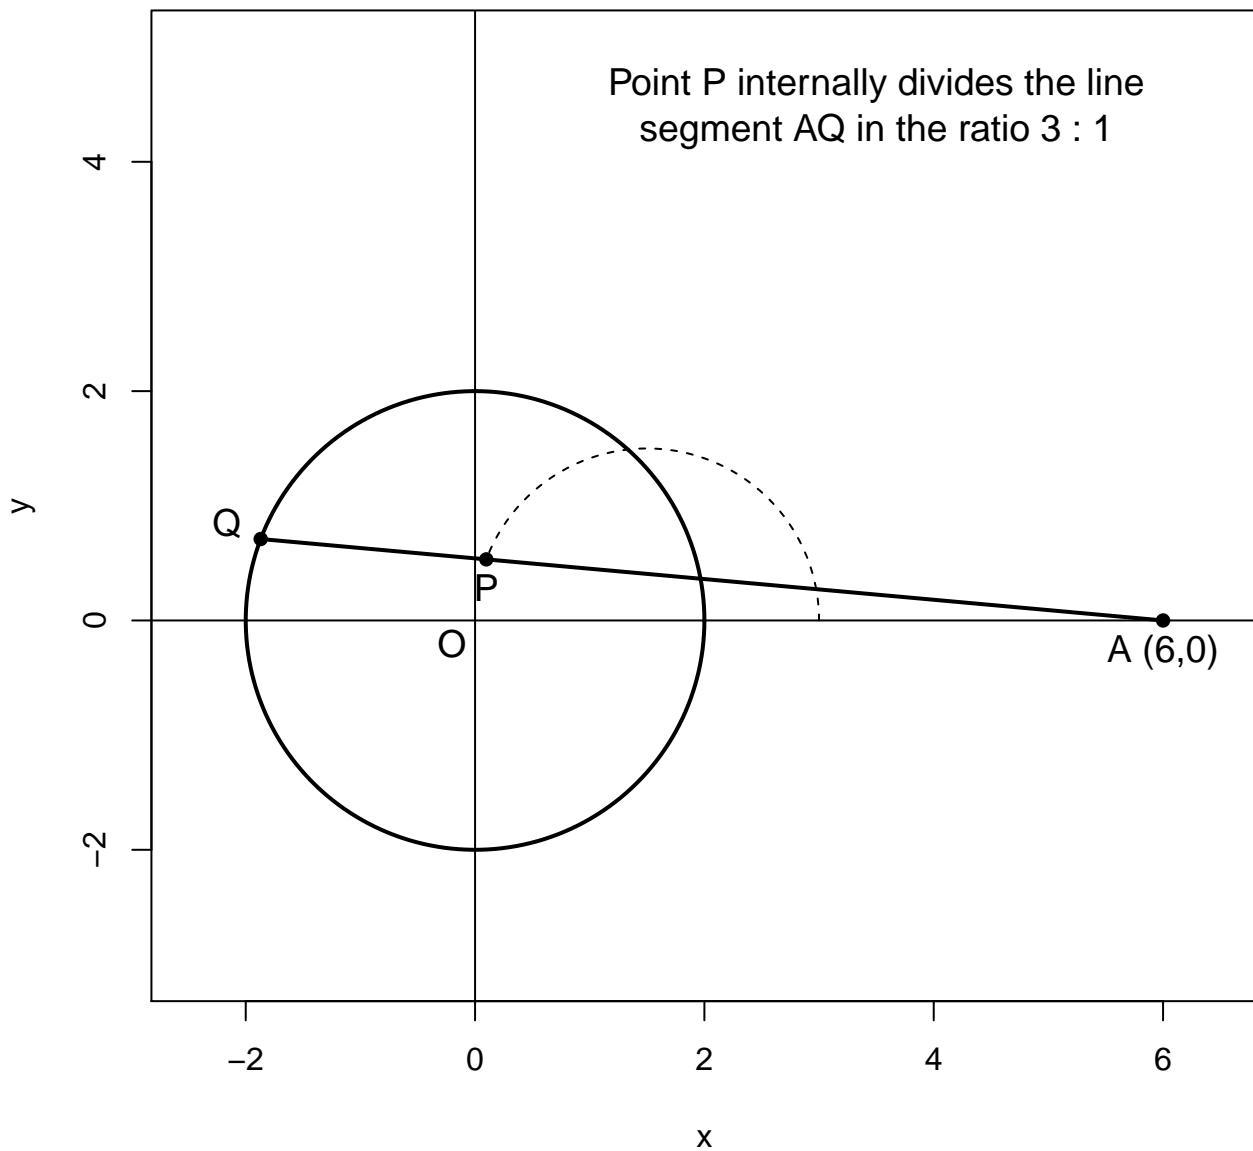

Point P internally divides the line  
segment AQ in the ratio 3 : 1
